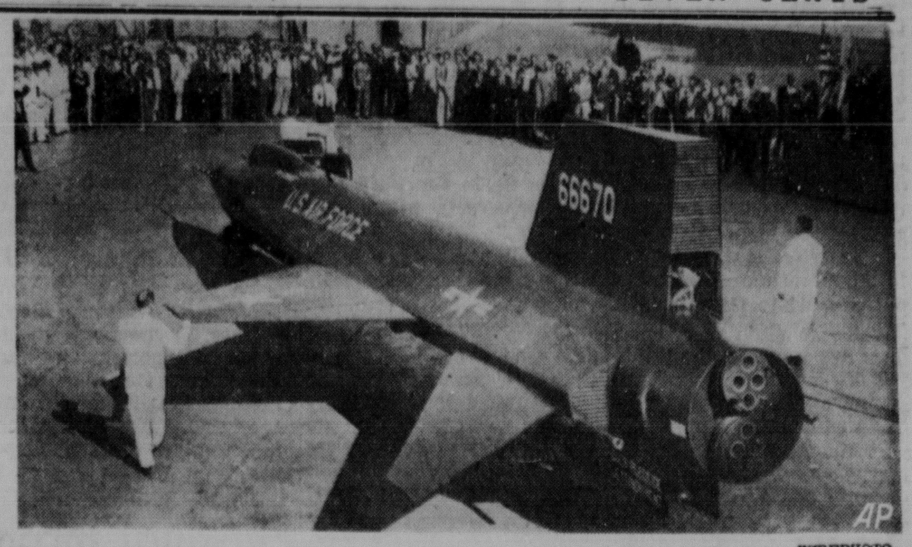
# Manned Missile Unveiled By U.S.



WIREPHOTO

**SLEEK X15 ROLLED OUT**

The X15 rocket ship, a sleek beauty designed to take man to the fringes of space, is rolled into the sunlight for its first public display at North American Aviation plant in Los Angeles. The plane is expected to fly at speeds up to 4,500 m.p.h.

—Transfer Proposal—

## Rocket Men Protest Draft

### No. 1 Space Scientist Claims Breaking Up Army Team Is Less Than Prudent

Huntsville, Ala. (AP)—Breaking up the Army missile team when national security and prestige demand a unified effort for rocket supremacy would seem "something less than prudent," Dr. Wernher Von Braun warned Wednesday.

America's No. 1 space scientist led a volley of protests against a proposal now before the President to transfer some 2,000 Army missile experts to the National Aeronautical Space Agency.

He and other Army scientists who usually restrict their remarks to scientific matters, spoke out bluntly when asked for their views on the proposed transfer. Some said many of the ex-German missile experts might go into private industry if the transfer occurs.

After his return to Huntsville Wednesday, Maj. Gen. John B. Medaris, head of the Army Ordnance Missile Command, said "our people are becoming inured to this sort of thing as an unfortunate but seeming recurrent annoyance."

**Study Planned**

President Eisenhower said that a complete study will be made before a final decision is reached.

Von Braun said "I believe that the missile development team organized under the U.S. Army's sponsorship and direction has won recognition as a national asset through demonstration capabilities in the weapons and space fields."

Von Braun is director of development operations for the Army Ballistic Missile Agency at Redstone Arsenal. During World War II he was one of the directors of the German rocket program which produced the deadly V-2, but now is a naturalized American citizen.

### Decision Ike's

Washington (AP) — President Eisenhower indicated it may be some time before he decides whether to let the new civilian space agency skim off the cream of the Army's space talent and installations.

The final decision will be his, Eisenhower told his news conference. But the question, he said, has not come before him yet and won't until it's studied.

Officials said Dr. Keith Glennan, administrator of the new space agency, had asked Secretary of the Army Brucker to turn over about 2,100 missile scientists and engineers employed at Redstone Arsenal at Huntsville, Ala. They said he also asked the Army to surrender the entire facilities and personnel of its Jet Propulsion Laboratory at Los Angeles.

## Power Tax Gets Fire Of NREA

### *Asks Voters To Turn Down Plan*

The Nebraska Rural Electric Association Wednesday asked Nebraska voters to reject the proposed constitutional amendment providing for a 5% sales tax on electric energy sold by the public power districts in municipalities.

The association, representing 36 REA's and their 104,000 rural customers, branded the proposal a threat to low cost electrict service and a device for an additional municipal tax with power agencies forced into the role of the collector.

The occupation tax proposal currently directly affects the Consumers Public Power District and the Omaha Public Power District, who combined are the state's principal retailers of electric service in towns. But Lyle Marotz, president of the state REA association, asserted it posed a threat to all public power agencies in that it would establish the precedent that one public subdivision can tax another.

**'Dangerous, Profitless'**

"Such a dangerous and profitless innovation would open a provocative field for all political subdivisions to fatten their treasuries at the expense of electric customers and one cannot imagine where it would end," declared Marotz.

Public power law in Nebraska permits power agencies servicing the urban field, formerly served by private power, to make payments in lieu of taxes to counties, cities and school districts equivalent to the amount of taxes paid by the private power companies at the time of their purchase.

Proponents of the occupation tax proposal have pointed out that those frozen payments no longer reflect the increase in assets of the power districts.

Both Consumers and the Omaha Public Power District consented to legislative bills increasing in-lieu payments, which were unsuccessful, and have expressed a willingness to submit to an occupation tax.

### The Weather

NEBRASKA: Continued warm and sunny. High 80 to 90 Thursday.
KANSAS: Continued fair and mild. Highs Thursday 80 to 85.

**HOLDUP BACKFIRES**

Shot through the chest, Peter Mullen, 26, is led from an ambulance into Roosevelt Hospital in New York for emergency treatment. He was wounded in a gun battle with James Phelan, 41, an off-duty cop, who watched as Mullen and a companion held up a bar. Phelan received a wrist wound. Mullen's companion escaped.

## Control Tightened On Stock Buying

### . . . Margin Rule Upped To 90%

Washington (AP)—The government upped the margin requirements on stock purchases again Wednesday. Effective Thursday, buyers must put up cash to cover at least 90% of the securities they buy.

The aim of the action by the Federal Reserve Board is to discourage market speculators from buying stocks on borrowed money.

Securities prices have experienced a sharp rise, since last winter, although in the past two days prices have declined sharply in extremely active trading.

Initial reaction among Wall Street market analysts was that the hike in margin requirements would not have much effect on prices.

Martin Gilbert, analyst of Van Alstyne, Noel & Co., said that "after a little more selling, the market should move up again."

The margin increase was announced after New York securities markets had closed for the day, but at the Pacific Stock Exchange in Los Angeles representative stocks advanced after the announcement.

**Expected**

Traders there speculated that the increase had been expected and adjusted for in advance. Some said the 90% margin requirement was actually lower than they had anticipated.

The change ordered by the Reserve Board means that a person who buys $100 worth of securities must put up at least $90 in cash. He may borrow the remaining $10.

The board had increased margin requirements once before since the economy began recovering from the recession. Last Aug. 5, margins were raised from 50% to 70%.

Harold Bache, senior partner, in the New York firm of Bache & Co., termed today's action a conservative step. Noting that most stocks are bought for cash and not on margin, he said, "This increase can be regarded as an added measure for the market's soundness."

## Crash Fatal At Alliance

Alliance, Neb. (AP) — A crash on Highway 2 a mile east of Alliance late Wednesday fatally injured Mrs. Mildred M. Swanson, 54, of Gering.

The State Patrol said Mrs. Swanson's car and one driven by Walter Beem, about 70, of Ashby collided. He was reported in fair condition in an Alliance hospital.

Her death was Nebraska's 254th of the year from traffic causes. A year ago the total was 228.

## Mishap Kills Omaha Boy

Omaha (AP)—Roger Obal, 5, was fatally injured late Wednesday when he ran in front of a car, the sheriff's office reported.

Investigators said the boy ran into the street from among a group of boys on bicycles.

Rogers was the son of Mr. and Mrs. John Obal. The accident occurred on the west outskirts of Omaha.

Driver of the car was Mrs. Stella Ward, 34, of Omaha.

### SHORT, SWEET PREDICTION

Fair and warm with 80 to 90-degree temperatures.

That's all there is to the forecast for Thursday.

Highs Wednesday in Nebraska ranged from 90 at Norfolk to 84 at Omaha. Chadron's 35 was the state low. Lincoln temperatures ranged from 57 to 85.

## Yanks Grab Lead

### *4,500 MPH X15 Rocket Powered*

**Los Angeles (AP)—Vice President Nixon opened a doorway Wednesday and through it rolled the forerunner of tomorrow's space craft, the rocket ship X15.**

**The nation's newest and most daring experimental rocket — low, black, sleek, streamlined to an extreme— emerged from its hangar under tow of a tractor after Nixon pushed a button opening the door.**

A shirt-sleeved crowd of several hundred, baking under a 100-degree sun, gasped and applauded.

**Nixon himself exclaimed: "Whew."**

**This was the rollout ceremony for the 4,500 m.p.h. craft, expected to carry man far faster and higher than ever before. Nixon told the crowd:**

"With the X15, following the magnificent achievement of the Pioneer (moon rocket), Americans can proudly say today that we have recaptured the lead, that we have moved into first place in the race to outer space."

**More A Missile**

The X15 is more a missile than an airplane. In just 90 seconds of furious burning time its mighty rocket engine will hurl it faster than 6 times the speed of sound.

**Then the X15 will soar onward and upward silently, coasting to heights of 100 miles or more above the earth.**

**As it enters the earth's atmosphere on descent its stainless steel skin is expected to glow cherry red from heat developed by air friction.**

The X15 is low slung, 50 feet long—3 feet longer than conventional fighters such as North American's supersonic jet, the F100. Its 22-foot wing span is shorter by 16 feet than the F100. Its height of 13 feet is two feet less than the fighter.

**Gleaming Arrow**

In the air it will resemble a gleaming black winged arrow, its tail afire.

The whole flight, from the time the X15 is dropped from a B52 jet bomber 50,000 feet over Wendover, Utah, until it lands on steel skids at Edwards Air Force Base, Calif., 460 miles to the west, will be only 20 minutes.

J. H. Kindelberger, chairman of the the board of North American Aviation, Inc., prime contractor, said the unveiling is a historic moment of aviation.

**On hand for the X15's debut were half a dozen pilots assigned to fly it when testing begins at Edwards AFB.**

Scott Crossfield, the pilot promised the first flight, said February is the month of the initial flight.

But he said if all goes well the plane might even fly before the end of this year.

## Polaris Missile Burns

### . . . Falls On Cape

Cape Canaveral, Fla. (AP)—A Polaris test rocket went awry Wednesday and was blown apart over the Cape after a brief, fiery flight.

No one was injured in the 2nd Polaris explosion in 3 weeks. The blowup touched off a brush fire that raged for hours in an isolated area.

The Navy announced the missile was destroyed by the range safety officer when some malfunction caused the second stage to ignite on the launching pad along with the first stage.

When the safety officer sensed trouble and pressed his destruct switch, the 2nd stage of the rocket burst apart several hundred feet over the Cape, splashing flaming debris into a field. The nose cone of the trim missile sped on briefly before it too impacted with a roar.

**Never Got Off**

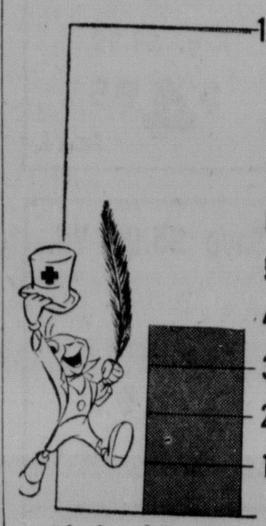
The first stage of the 25-foot rocket, a forerunner of the Navy's highly touted intermediate range ballistic missile, never got off the ground.

Instead, the solid fuel in the base flared on the launching stand for more than 5 minutes in a brilliant pyrotechnics show. It looked like a huge Roman candle as streams of white flames and intermittent puffs of smoke belched out.

When the crucial zero hour came, there was only a bright flash of flame when the missile should have been streaking aloft with lightning speed.

Then the 2nd stage shot aloft and angled to left in a series of weird twists and turns.

### UNITED FUND DRIVE



**Pledged To Date: $219,721**
**Goal: $598,802**
(Story on Page 18.)

## AEC Explodes Desert A-Device

Atomic Test Site, Nev. (UPI)—A desert butte heaved and rocked Wednesday night as the Atomic Energy Commission set off what officials estimated was one of the largest yield nuclear devices ever fired underground.

Nuclear shot "Logan" shook the earth violently, buried 2,700 feet inside the precipice from a tunnel mouth with a minimum covering of some 830 feet of rock and earth to the nearest surface point.

It followed by 8 hours a device called "Hamilton" which flared brightly but briefly from atop a 50-foot wooden tower on the AEC's Nevada test site.

## Block On Faubus Extended

### . . . Appeals Court

St. Louis (AP) — A Federal Appeals Court again Wednesday extended its temporary order blocking the use of Little Rock's public schools as private, segregated institutions.

Presiding Judge Joseph W. Woodrough of the special 3-member panel of the Eighth U.S. Circuit Court of Appeals announced the order will remain in force until the court made its final ruling. He added that would be "as soon as possible."

The Little Rock School Board was attacked at Wednesday's hearing by two Negro attorneys who charged it was irresponsible and trying to evade an integration order of a federal court. The government joined in the attack on the board.

"Sooner or later something will have to be said to this school board about carrying out the orders of this court," Wiley Branton of Pine Bluff, Ark., said in arguing for the National Assn., for the Advancement of Colored People.

**'Well Aware'**

"The School Board is well aware of the procedure it should follow but it has decided to go along with Gov. Faubus."

The School Board through its youthful attorney, John H. Haley of Little Rock, insisted it was neutral in the controversy over leasing the 4 public high schools in Little Rock to the Little Rock Private School Corp.

The arguments took only 45 minutes before the same court which only 9 days ago extended a restraining order against the leasing of the schools until the appeal of the NAACP for a permanent injunction could be heard on its merits.

In Little Rock, Gov. Faubus noted the court's action. He said it was now taking its time while a few weeks ago it was in such "a hurry it issued orders by telegraph." He also accused the Little Rock School Board of refusing to release its teachers so they could teach in private schools.

## State Labor Unit Backs FLP Action

### *AFL-CIO Demands Enforcement Of Law*

Scottsbluff, Neb. (AP) — The Nebraska AFL-CIO decided Wednesday to go to court if necessary to demand enforcement of the fair labor practices statute of 1939.

The law calls for maintenance of standards of wages and conditions of employment in public works such as those paid and maintained by at least half the contractors in the same business or field of endeavor as the contractor involved.

The state convention by voice vote approved this resolution, submitted by the State Council of Electrical Workers.

**Change Sought**

Another resolution approved called for an amendment to Nebraska's "right to work" law, which would enable unions to get a writ of mandamus forcing a hearing in cases arising relative to this law.

A resolution calling for the abolishment of a barber training course at the Boys Training School in Kearney was approved, then reconsidered and killed.

The convention also voted to censure the city of Omaha for denying firemen the right to work actively for an improvement of their working conditions and the 56-hour week. The resolution did not bind the state organization to enter the campaign actively however.

**Brooks Endorsed**

Acting on a report from its political education committee, the convention endorsed only 3 candidates for the coming general election—two Democrats and one Republican.

Convention endorsements went to Ralph G. Brooks, Democratic candidate for governor; Frank Sorrell, Democratic candidate for lieutenant governor and Ray Johnson, Republican incumbent state auditor.

The 1960 convention was awarded to Grand Island.

The 1959 meeting was previously set for Lincoln.

The convention selected Nels Peterson of Omaha as secretary-treasurer to succeed E. F. Noble of Grand Island who resigned.

Peterson defeated Kenneth Lewis of Lincoln, 164 to 152, on the third ballot.

Joe Silhasek and Paul Schaffer, both of Omaha, had also been candidates.

Vic Nisely of Omaha was named to succeed Peterson on the executive board.

**McDuffie Re-elected**

Scottsbluff, Neb. (AP) — The Federation of State, County and Municipal Employes (AFL-CIO) Wednesday re-elected James McDuffee of Fremont as president. Louis Zeimer of Norfolk and Roscoe Wright of Lincoln were named vice-presidents; and Glenn Slagle was named secretary-treasurer.

## 24 Die In Crash

Caracas, Venezuela (UPI) —A missing Venezuelan super-constellation airliner carrying 24 persons, including 12 Cuban showgirls, crashed into a mountain near Maracaibo, killing all aboard.

## 22 Top Mathematics Students In 'Speeded-Up' Course At NU

Twenty-two students, believed to be among the "cream of the crop" of the 2,100 entering freshmen, have been selected for a special "speeded-up course" in mathematics at the University of Nebraska.

Dr. Walter E. Mientka, assistant professor of mathematics, said the course will cover material in analytic geometry and calculus in 3 semesters in a more rigorous manner than is normally covered in four for other students. In addition, he said, material in logic and set theory will be introduced.

Dr. Mientka said that members of the mathematics department felt that more should be done toward stimulating and challenging the better students than was formerly possible.

It is another effort, he said, to accelerate their education in mathematics as undergraduates.

All of the students selected showed "thorough competence in high school algebra and trigonometry and solid evidence of good ability and training," he explained.

He said the students entered the course by invitation of the department. In selecting the students, he explained, the department sent a letter to each of 550 Nebraska high schools asking mathematics instructors to recommend qualified students. About 100 names were received from this method.

Also, an additional 50 students were selected from those entering freshmen who attained high scores on the general placement examination, he said.

This combined group was then given examinations in algebra and trigonometry. On the basis of this final testing, these 22 students were selected:

James R. Aden, Beatrice; Richard C. Altrock, Omaha; Clark Baltzell, North Platte; Larry Barron, Lincoln; Irvin Belzer, Omaha; David Bowers, Lincoln; Edward C. Collett, York; Larry Dornhoff, Minden.

Ronald D. Elmshauser, Beatrice; Richard Files, North Platte; Stephen J. Gage, Beatrice; Richard A. Glover, Beatrice; Don Hagrman, York; Larry J. Middleton, Bridgeport; David B. Mignery, Bellevue.

Bert H. Peterson, Humphrey; Raymond L. Peterson, Lincoln; Frederick R. Rickers, Wayne; Charles J. Sherfey, Clay Center; Ronald H. Sirtz, Wayne; Dougal A. Whitmer, Lincoln; David G. Wiltse, Falls City.

--Forgets Campaign Statement--

# Eisenhower Meets Press

## . . . Temple Bombings 'Insult'

**Washington (AP)—President Eisenhower all but disowned Wednesday an official Republican campaign statement that nationalization and socialization of industry "are the clear alternatives to a Republican Congress."**

**The President said he didn't recall that language and in any event the statement wasn't his, although it did grow out of a White House strategy meeting.**

He spoke out in angry tones once more against the bombing of Jewish temples and community centers in the south and midwest.

Picking up a newsman's remark that some of the violence has been attributed to persons who describe themselves as a Confederate underground, Eisenhower started in:

**Respects 'Confederate'**

"From babyhood I was raised to respect the word 'Confederate,' very highly, I might add. And for hoodlums such as these to describe themselves as any part or any relation to the Confederacy . . . is, to my mind, a complete insult to the word."

In varying degrees of vigor, the President also had some things to say on such subjects as:

Budget—what is the goal for next year?

**Eisenhower said he wants to get it down to the last cent needed for the country's security, safety and essential services and he believes the nation is spending and thinking of spending too much.**

World War II—What about Viscount Field Marshal Montgomery's idea in his memoirs that the war in Europe could have been ended a good bit sooner by better tactics and strategy?

**11 Months**

The former Supreme Allied Commander in Europe said the war was over there 11 months after the Normandy landing, whereas nobody had predicted an ending in less than two years. Besides, Eisenhower said, he thinks he has "been criticized by everybody who can write a book, and I will be in the future."

On the question of socializing industry, Eisenhower's views must have been something of a surprise at Republican party headquarters. It was after GOP Congressional and party leaders, including Nixon and National Chairman Meade Alcorn, met with Eisenhower at the White House Oct. 6 that a "joint statement" touching on the matter came from the Republican National Committee.

Eisenhower and Nixon reportedly made some suggestions as to what the statement should say. The President said he did read the statement but, that as he recalled it, it said that unless voters supported the Republican program "There would be a lead or a direction towards the left that could eventually become socialism or something of that kind."

"Now in any event," he added with a grin, "It was not my statement, it was theirs, and I think politicians do love to make things very positive."

***Jerry Frey Awarded 50-Year Masonic Pin***

A 50-year Masonic membership pin was presented to Jerry Frey (center), 71-year-old retired railroad dispatcher, in ceremonies held at Lincoln General Hospital. Making the presentation were John E. Beaver of Beemer, state grand master (left), and Judge Herbert Ronin of Lincoln, grand junior warden. Frey, long-time tiler of Craftsman Lodge 314 at Lincoln, became a Mason on Oct. 13, 1908. Approximately 40 persons witnessed the presentation. **(Star Photo.)**

## Personal Income Hits Record For Third Straight Month

**Washington (AP)—Personal income set a new record in September for the 3rd straight month, the Commerce Department reported Wednesday.**

This important gauge of public purchasing power increased 1½ billion dollars to an annual rate of 357½ billions.

Wage and salary payments were up 600 million dollars. Most of the rise centered in industries making durable goods. It was this sector of the economy which suffered most during the recession.

Government payments to public—largely social security and unemployment benefits — increased 400 million dollars. Jobless benefits under regular state progams declined for the 4th consecutive month but payments under a temporary program, designed to aid those whose regular benefits have expired, increased.

Personal income now has risen for 7 straight months.

## Half-Cent Gas Price Drop Won't Be Felt Here

Lincoln gas dealers and consumers probably won't be affected by a half cent-a-gallon reduction in the retail tankwagon price of gas to service station dealers and tankwagon consumers by the Standard Oil Company.

The reduction, announced by T. F. Garty, manager of the company's Omaha district, is scheduled to go into effect Thursday.

According to Norman W. Groninger, Standard's Lincoln representative, "no price change is expected in Lincoln because depressed retail prices already forced tankwagon price reductions here."

## City Won't Put Death In Road Toll

The Lincoln Police Dept. will not count the death of Burt W. Hunt of 636 So. 28th as a traffic fatality even though the State Accident Records Bureau is doing so, according to Police Capt. Orren Graves.

Mr. Hunt, 52, was the driver of a car involved in a two-car accident at 21st and O Sept. 2. He told police he was not hurt at the time, but died at home several hours after the accident.

A medical report a few days after the accident said his death resulted from a heart attack and was not due to the accident. But his physician now has said he believes Mr. Hunt's death resulted from a heart attack brought on by the shock of the accident.

And State Accident Records Bureau Chief Robert Pease said that he is counting the death as a traffic fatality on the basis of the death certificate signed by the physician.

But Capt. Graves said he believed there was doubt as to whether the accident was responsible for Mr. Hunt's death, and that the city will not count it as such.

### Trouble In Algiers

Algiers (AP) — Algeria's civilian committee of public safety decided in stormy session Wednesday night to go ahead with general strikes and demonstrations against Premier de Gaulle Thursday.

## Lowe Confident Bingo Will Pass

Confidence that any legalized bingo law passed in Nebraska would contain adequate safeguards has been expressed by State VFW Adjutant Robert Lowe.

The VFW in sponsoring the drive to get the measure put before the Legislature and various church groups and others have announced opposition to legalized bingo.

"We are just as anxious as anybody to have a law with teeth in it which would eliminate the possibility of professional gamblers moving in," Lowe said. "If we didn't get that kind of law, two years from now the Legislature would repeal the law."

## Reds Hold Two Britons: Charged With Subversion

Tokyo, (Thursday), (AP)—Radio Peiping said two Britons and 3 Chinese were arrested in Shanghai on charges of running an American counter-revolutionary organization.

The Red China broadcast said the group carried out its activities under the guise of a religious organization that it identified as Jehovah's Witnesses.

It said they distributed "reactionary literature aimed at subverting the building of socialism in China."

The Britons were identified as Stanley Ernest Jones and Harold George King.

## County Business Firms 'Undervalued' $12 Million

### . . . Lienemann Claims In Report

Lancaster County Commissioner Del Lienemann estimated Wednesday that county business firms undervalued their inventories a total of $12 million on 1958 county personal property tax returns.

Lienemann, in his 18th tax return report, said he determined $10 million in undervaluation by comparing federal income tax and county personal property tax inventory figures, "with adjustments for variable factors."

He said he found another $2 million in undervaluation "by projection of sample returns in comparison to returns filed in (the) same business who filed schedules listing federal inventory figures."

"When a business firm places a value on its inventory for federal income tax purposes," Lienemann said, "they are doing this themselves. No assessor or county taxing official helps them determine this inventory valuation for federal income tax purposes.

"Thus," he continued, "you have a valuation fixed by the business firm itself. It is not a guess as is so often the case with household items, personal property and even permanent equipment.

"Why? Because these items are not for sale, and who really knows the value? In a merchandise inventory the business man says to Uncle Sam that this is what my inventory is worth.

"He expects to sell it at his usual margin of profit. Therefore if ever a guide was available for proper valuation for county tax purposes," Lienemann concluded, "you certainly have one in which the firms themselves participate."

## Tax Support For Parochial Schools Nixed

### . . . By Lutherans

San Antonio, Tex. (AP) — The American Lutheran church has adopted a policy of opposing tax support for parochial schools.

Funds raised through taxation should be used for support of public schools only and not to assist the educational programs of any church, said a statement adopted by delegates to the denomination's biennial convention.

The statement also upheld the right of parents through their church to establish and maintain parochial schools "for the full Christian education and spiritual growth of their children."

But it added that these parents have an obligation "to support and to advance the best interests of the public schools through which their neighbor's children are educated."

Four Roses ANTIQUE

Kentucky Straight Bourbon

**Bare Knuckle Fighter**

*Some fights in the 1870's went well over a hundred rounds. Portraits of famous fighters were carved in prized wood sculptures like this. ANTIQUE Bourbon is made with the same old-time craftsmanship.*

That old-time flavor is back!

**Incomparable. Not in this century has there been such a bourbon. ANTIQUE is mellow as time itself. Know why?**

You begin with the best—and you end with perfection. You select the finest, richest bourbon whiskey for the barrel.

**You watch over it day and night. You wait out the years for one golden moment—the moment of maturity.**

Then and only then do you take it from the oak, pour it into bottles and label it "ANTIQUE." Incomparable.

FOUR ROSES DISTILLERS COMPANY, N.Y.C. KENTUCKY STRAIGHT BOURBON WHISKEY • 86 PROOF • AGED 6 YEARS.

# Nixon Says GOP Replies Needed

## No Answers Would Mean 'Party Defeat'

San Francisco (AP) — Vice President Nixon said that to let Democratic criticism of administration policies go unanswered would lead to inevitable defeat of the Republican party.

Nixon, at a press conference before leaving for Los Angeles, took note of President Eisenhower's press conference statement that foreign policy should be kept out of political campaigns.

The Vice President said, "for the President of the United States, this is a proper position."

But he added that "those of us who have the responsibility for carrying the weight of the campaign" should speak up in defense of the administration.

"I think one reason the Republican party is in trouble is that it has allowed criticism to go by without making effective reply," he said.

**Quite Right**

Nixon said the President, "as a man trying to mobilize all Americans if possible," is quite right in refusing to answer attacks on his foreign policy.

He said there are those who feel it isn't necessary to defend the administration when the charges are ridiculous. His reply, he went on, is that the Republican party will go down to defeat unless an answer is made by responsible members of the GOP.

Nixon said once a "decision" has been made committing American forces, he is opposed to partisan discussion that might lead a potential enemy to attack because of divided opinion in this country.

He classified the U.S. actions in the Quemoy-Matsu crisis and the Lebanon situation as falling under this general heading.

However, in the case of long-range policy, the Vice President said that if there are differences, they ought to be discussed.

"I don't say foreign policy is sacrosanct," he said.

## Nebraska IOOF Officers Installed

Elwin Reeves of Central City, second from left, was installed as grand patriarch of the Nebraska Independent Order of Odd Fellows at Beatrice during the group's annual convention. Others taking part in the installation were, left to right: Deputy Sovereign Grand Master E. O. Richards of Chappell; Grand Patriarch Reeves; Frank Batie of Cozad, senior Warden, Kenneth Moore of Fairmont, high priest, Charles E. Harden of Omaha, Scribe; and Floyd Edger of Scottsbluff, junior warden. Carl C. G. Jensen of Superior was elected treasurer, and Zenas E. Decker of Palisade and John Nelsen of Tekamah were named representatives to the sovereign lodge.

## LT&T Rate Hike Hearing Postponed

The State Railway Commission Wednesday postponed for a second time hearings on the application of the Lincoln Telephone & Telegraph Co. for authority to increase its rates.

Initial hearings on the application were held before the Commission Sept. 23-25, but protestants to the proposed rate change were granted a continuance in the hearing until Oct. 15.

Commission Chairman Richard Larson said Wednesday the additional postponement was ordered by the Commission in order that further study could be given the testimony from the first hearing.

Larson said the transcript of the original hearing had "just recently" been given Commission members as well as the protestants, and that more time was needed.

The telephone company has asked for a rate adjustment that would permit the firm to earn a "fair return" on the value of its properties.

Geneva City Attorney Robert Waring, Crete City Attorney Tom Dredla Jr., and Fairbury City Attorney Arthur Denney were among those protesting the proposed rate increase.

The Lincoln City Council decided last week that it would not protest the company's application.

## Seed Case Appeal To Supreme Court

A Lancaster County Court decision on test case involving the Nebraska seed law was appealed to the State Supreme Court.

United Seeds, a Delaware corporation, brought the original action to prevent the Agriculture Department from disapproving the wording of a tag or label on packaged seeds sold by the firm.

District Judge John L. Polk last July found generally for the seed firm and against the defendants — the Agriculture and Inspection Department; its director, Ed Hoyt and the chief of its weed and seed division, Dwight L. Lambert.

The state contended the seed law gives the department the right to ban the use of labels limiting the liability of the seller.

United Seeds disputed the department's authority to disapprove the label and maintained the seed law is unconstitutional.

## Convicted

Paris (AP)—An all-male jury convicted 48-year-old Simone Deschamps of murdering the pretty wife of her doctor-lover last year. She was sentenced to life at hard labor.

The doctor, Yves Evenou, 50, died in prison 8 months ago awaiting trial.

## Hotel Man Eppley Rites Set Saturday

Omaha (AP) — Funeral services will be held here Saturday for Eugene Eppley, 74-year-old former Hotel magnate.

Services will be at the First Methodist Church at 11 a.m.

Eppley had no immediate relatives as survivors.

He had turned his hotel holdings over to the Eppley Foundation prior to the 1956 sale of the 22-hotel chain to the Sheraton Corp. of America for 30 million dollars.

During the last few years Eppley and the foundation had announced gifts totaling nearly 5 million dollars.

The largest was $3,600,000 to Culver Military Academy, Culver, Ind., which Eppley had attended.

Elton C. Loucks, vice-president of the foundation, said it "will continue to be active in the field of charitable and educational institutions."

Your United Community Chest and Red Cross Campaign contribution is not just ONE gift — it is 26 gifts at once. Twenty-six health, welfare and youth organizations benefit from your gift to Lincoln's United Campaign. Adv.

# Preserving The Finest

By WILLIAM O. DOBLER

There are a number of groups in the United States making a concerted effort to save historically important buildings. Some places are historically important because of the architecture they represent and the spirit of the times it depicts, while others are important for such things as the people who might have lived or worked in them or the events that took place there.

These groups would be pleased as is all of Lincoln at the fact that the Pound family home at 1632 L is to be preserved. The structure has a place in the scheme of things today because of its connections with the past and what it has meant to Lincoln and the nation for all time. Built in 1882, the house has been the home of the Pound family since 1892 when purchased by Judge Stephen Pound. All of its occupants, the late Dr. Louise Pound, Miss Olivia Pound, and Dr. Roscoe Pound, have made lasting contributions to society.

**Illustrious Occupants**

**The home stands as a monument to that spirit which shows foresight and determination. It is a spirit of humanity by which others benefit from the knowledge and ability of their fellow men. The home is an integral part of the heritage of Lincoln.**

The premises will be retained as an antique center with the original Victorian architecture unchanged. Thus is kept intact the stern and somber picture of the Victorian era which so influenced the world both before and after the L Street home was built.

★

It was an interesting observation made by Ken Smith of Lexington, in Lincoln to attend the 24th annual convention of the Nebraska Poultry Improvement Association. Turkeys, he reasoned, are no dumber than humans in some respects. We don't know whether that is a compliment to the birds or us humans, but he has a point.

**Both man and beast, including turkeys, stampede in the face of fear, which furnished Smith with a basis for his conclusion of their similarity. Mr. Smith could have taken a diferent approach and pointed out a number of ways in which members of the animal kingdom are a lot smarter than human beings. The storage habits of the squirrel, the working habits of the beaver, and other lesser known characteristics of many other animals have made thoughtful and interesting reading for years.**

★

A little more on the serious side is the upcoming meeting of the legislative study committee on highway user revenue, with hearings scheduled for Oct. 24 in Lincoln. But even this is not without at least a ludicrous if not a humorous side.

**A big push is expected to be made before the committee for an allocation of more user revenue funds — gasoline taxes and registration fees — to cities and villages as opposed to counties. It's the same old problem of splitting up the melon that plagues government in every area of operation.**

It is a fact that cities are being pinched more and more for funds for expanded services. In streets, particularly, the cities have found it almost impossible to keep pace with growth. Oddly enough, the tax base — assessed valuation — of a governmental unit does not grow in proportion to the increase in population. Thus, new forms of income are constantly in demand. Thus it is that the cities are now looking at county road funds with no small amount of envy.

**Lopsided Growth**

But it is rather doubtful that this will solve many problems. We don't know of any county which has an excess dollar in its road or bridge fund. In the end, the cities are going to have to figure out their answers for themselves without relying on tricks or gimmicks such as a bigger cut of an existing program.

# Checkers, Dulles Style

Secretary of State John Foster Dulles seems at times to behave as though he were playing a game of checkers. He jumps from one square to another with the abandon of a player with half his men converted to kings.

Dulles now states that he has no plans whatsoever for urging a reduction of Nationalist forces on China's coastal islands of Matsu and Quemoy. This is a different tune than the administration was singing a week ago when the story was that both islands should be more or less neutralized and were not worth anything as military outposts. Dulles had said it would be foolish to maintain the present military strength of the Nationalists on the islands.

Dulles explained that his stand was not a reversal because actions of the Red Chinese caused him to take the position he now occupies. With Red China inviting the build-up of the islands, he said, it removed their disarmament as a bargaining issue or the price of a Red cease-fire.

In many ways, that statement contains much of the trouble of the U.S. foreign policy. It helps explain, too, why the American people find it hard to back the secretary of state and President in their foreign affairs. It is impossible to understand what our policies are. This may confuse the enemy some, but it also encourages them to take all sorts of rash steps to test us out.

We fail to understand how an area can be militarily strategic one minute and just the opposite the next minute when conditions affecting its status remain virtually the same. If we classify an area or its people only according to the political expediency of the day, it is not hard to see how others might view our friendship and loyalty with some skepticism.

# Hopeful New Program

The United States Department of Agriculture is celebrating a birthday party — the first one — for its youngest child — a special research program.

Created a year ago in order to mobilize top scientists for an attack on the agricultural problem from a new angle the program has made surprising headway. As a first anniversary birthday present the department this week broadened the scope of the program. It will continue its domestic work but will add research on a world basis.

It is possible that the department has hit upon something of unusual value. Early results indicate it. The past year of pure research has uncovered valuable new information on pest control, plant fibers, plant nutrition, seed proteins, virology and kindred matters expected to open exciting new fields for medicine, industry, nutrition of agriculture itself.

The program's new department of foreign research is equally promising. It is expected to result in the introduction of new crops at once providing for greater agricultural diversification and greater independence from foreign imports of essential food and fiber not heretofore attempted in this country. It will also con the knowledge of the world for practices and procedures not known in America but of greater effect than those practiced here.

It is a program that bears watching. It indicates that farm solutions will look more to research in pure science than to soap box political oratory. By now the latter expedient is pretty worn out.

# Time Of Decision Nearing

The off-year election campaigns are entering the final period.

In a little more than two weeks the polls will open and the nation will bring forth its verdict. The verdict will be a judgment of the Republican party based on a review of six years of administration, largely disappointing. The question in the minds of many is: How many more mistakes can the country absorb and remain a first class power. The nation, indeed, has been rendered pensive by the failures of American diplomacy, the troubled domestic economy and the ubiquitous evidence that Russia has emerged the front runner in so many fields of science and especially in the science of war.

These concerns form the basic issue of the general campaign and all efforts to divert the public mind from their significance is an action in error and a disservice to a democratic people who find themselves confronted by the heaviest voting responsibility in many decades. This is one time when the American people must guess right.

Perhaps confounding more than enlightening the voter is the usual chorus put on by the pundits, the poll takers and the curbstone analysts. By and large they have not prepared a political pablum anyone can safely eat.

Perhaps the best sign in Nebraska is that the electorate isn't saying anything if it means that actual soul searching is going on. If, on the other hand, it is a manifestation of distraction and habitual thinking, of a pedestrian approach to critical political decisions, then it can only be hoped that more politically sensitive areas of the country will prevail. The evidence that can be weighed at this time is that Nebraska is not insensitive, but is taking more than the usual time to determine its vote.

# Good Sign

The French army is mad at General Charles de Gaulle. It went to all that effort to set him up as a dictator and now he dictates to the army, tells it to get its nose out of politics.

That is mighty unfair and not at all in the spirit of the game. In setting up a dictator it was someone else the army wanted dictated to. That's the way it usually is. But somehow, now that President de Gaulle has squelched the army, one can believe that he is not going to be a dictator at all, but rather a constructive leader of all the people.

*"You Wanta Take Another Look At That Front One?"*

DREW PEARSON

## Powell And Dick At Play Again

WASHINGTON — Political melodrama has been taking place in Harlem these days. Here are the scenes and what's happening behind the scenes:

**Scene 1** — Congressman Adam Clayton Powell, one of only four Negro members of Congress, introduces Congressman Ken Keating, New York candidate for the senate, to a Negro rally and gives him his blessing. Powell is a Democrat, Keating a Republican. Nevertheless Powell comes out for Keating, though simultaneously supporting Gov. Averell Harriman, Democrat, against Nelson Rockefeller.

**Scene 2.** — Congressman Powell reverses himself and comes out for the Democratic senatorial candidate, Frank Hogan. He deserts GOP candidate Keating. In fact, Powell endorses the entire Democratic ticket.

**Backstage melodrama** — The chief actor who influenced Scene 1 was Vice President Nixon. He didn't appear before the footlights. He was in the wings backstage. What he wanted was to have congressman Keating, running for the Senate, make a better showing than Rockefeller, running for governor.

For if Rockefeller wins the governorship of New York or even rolls up a sizable vote, then he becomes a formidable candidate against Nixon for the presidential nomination in 1960.

**Adam Clayton Powell, therefore, operating for Nixon, tried to swing the Negro vote to Republican Keating for the Senate and Democratic Harriman for Governor. Powell had started working with Nixon when he first got into tax trouble, in 1956. At that time, Powell, by careful prearrangement, had gone to the White House and made an ostentatious announcement that he was supporting Ike. He then addressed Harlem rallies urging Ike's re-election. Afterward, the federal grand jury which had been probing Powell's taxes got word from Washington to sidetrack the Powell case.**

Last spring, however, the jury got out of hand, kicked over the traces and indicted Powell regardless of Washington.

This fall, Powell, pastor of the biggest Negro Baptist church in the world, once again was backing Nixon's man. The Justice Department in turn was expected to slow up or sidetrack the trial of the congressman from Harlem.

However, the accusation that he is playing politics with justice has begun to get under the skin of Attorney General William Rogers. Suddenly, Powell learned that a date was to be announced this week for his trial.

Suddenly, also, he threw Nixon's candidate overboard, announced for the entire Democratic ticket.

End Harlem Melodrama.

DORIS FLEESON

## GOP Slipping In Wisconsin

MILWAUKEE — Mid-October sees the fading of Republican hopes that some Wisconsin arnica would help to ease the election aches anticipated elsewhere.

Instead, the only question seems to be whether Senator William Proxmire, Democrat, can achieve a big enough majority to pull in with him the party's state ticket. Some observers think he easily could if his name led the ballot instead of appearing in sixth place below Governor Vernon Thomson's and those of the other Republican incumbents in the statehouse.

As it is, Governor Thomson is given a slight edge over his Democratic challenger, Gaylord Nelson, with the state offices falling to the party of the successful governor. This prospect might be altered by the widely predicted national Democratic trend.

**For the long run, the Wisconsin story suggests that Republicans may have to fight out their differences over party policy to the bitter end and then come up with fresh faces to tell the voters what kind of party now bears the label. A papering and painting job was attempted here, and it is obviously not convincing.**

☆ ☆ ☆

The Senate seat at stake is that held by the late Senator Joseph R. McCarthy. McCarthy had already run his course before his death but the rightwing isolationist tendencies for which he spoke were still considered to be very strong when a special election to fill his place was held.

The omens were not altogether auspicious. Rightwingers sought to deny the nomination to a mildly moderate Eisenhower supporter, former governor Walter Koehler, and award it to their own favorite, Representative Glenn Davis. Koehler won, nobody bolted in public and it was assumed that the normally Republican tendencies of the voters would carry the day.

**But Wisconsin proved to be the GOP Maine of 1957. A three-time loser for governor, twice against Koehler, Proxmire not only won, but won big, carrying counties long taken for granted by Republicans. The upset was the more crushing because Republicans had edged close to control of the Senate a few weeks before when Senator Matt Neely, West Virginia Democrat, died and was succeeded by a Republican appointee.**

Republicans cried "fluke" and proclaimed Proxmire their primary target in 1958. That it most probably will not turn out that way is due partly to Proxmire himself. He was at factory gates, thanking workers for their votes, three hours after his victory celebration concluded, and he has been at it ever since. He is crowding Estes Kefauver for the handshake championship, and his vision of better times when Democrats rule gets rosier by the day.

Democrats have their organization troubles, too, and Proxmire is no team player. But they have apparently convinced the farmers that Democrats are their friends and Republicans just don't care.

# The People Speak

**Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name. Letters represent only contributor's views.**

### Below The Belt

Lincoln, Neb.

To the editor of The Lincoln Star: I enjoy the writing of my articles published in The Lincoln Star. It's fun. And when a squawk comes from a reader whose feathers I've ruffled, that's more fun. I'm glad the writer of last Monday's letter has joined my fan club. He feels that I have a weakness for hitting below the belts of his political idols, so please tell him to watch this column for the next few days, and to have Nixon wear his belt high and keep his guard low, or he might get fouled.

C. G. C.

☆ ☆ ☆

### Futile Effort

Beatrice, Neb.

To the editor of The Lincoln Star. The Supreme Being created heaven and earth and all therein, and later gave His only begotten Son in a futile effort to stem the wickedness of mankind, which compared with the world of today was nothing. While the head of the greatest religion on this earth is being prepared for the mortal dust, the fate of all either high or low, we with the aid of millions and brains have shot into space an instrument in a futile effort to penetrate the secret of our Heavenly Father's greatness which will never be revealed until His time and pleasure—or grief at the way mankind has treated Him.

Most of us are in a mad race for the 40-cent dollar to keep body and soul together, others to keep up with the Joneses. Some in their race for money, lust and power will stop at nothing.

JOSEPH M. HIATT

☆ ☆ ☆

### Taxes And Education

Lincoln, Neb.

To the editor of The Lincoln Star: The Nebraska State Grange believes that our proposed taxation and educational programs are equitable and logical. The school program follows a long-established precedent. The federal Constitution (Section 8) lists powers granted to Congress, but does not mention control of education . . . On the whole, the states have developed good school systems through the years. Each state has enacted general laws concerning its public schools, but in every state a large measure of school control has been left with the individual school districts. State revenues allocated to public schools vary from over 75 per cent of total school costs in three states to less than one per cent in Nebraska. School lands endowment provides about nine per cent of the cost of Nebraska schools.

The only source from which the federal government can obtain any considerable amount of revenue is from taxes levied either directly or indirectly on the residents of the several states. The overhead cost of handling funds in Washington is high and under a federal-aid-to-education system, the people of the several states would have to pay this additional overhead cost. Federal aid would necessarily be accompanied by federal control.

The present Nebraska tax system is inequitable because approximately 78 per cent of the taxes collected by the state, counties, and other taxing units are based on the ownership of property, although less than one-third of the net income received by the residents of the state is a return from property. We maintain that the tax base should be broadened as has been done in 46 other states, and thus give persons who share in the prosperity of the state but own little property an opportunity to pay a part of the cost of government.

We recommend that a sales tax should be enacted and one-half of the net returns from the tax should be allocated to the public schools, thus reducing the burden on property which is unduly high in many school districts.

H. C. FILLEY
Executive Committee Member
Nebraska State Grange

☆ ☆ ☆

### Local Funds

Lincoln, Neb.

To the editor of The Lincoln Star: If our money was not wasted in that department, we could have gold streets. Our city engineer has been in that office far too long—over 40 years but he goes along with the gang there and holds his job. Once he was paid two salaries a few years ago.

The two construction companies get all the jobs, and one pays high into the Republican pot. When you read "non-political" on the ballot, remember that it is usually the "most political." Politics rule Lincoln and our once "White Spot of the Nation" state.

We have hundreds of electricians and plumbers out of work, and some of those working have to drive to Omaha. Lincoln's industry has been pushed out and to Omaha. Too many of the city boys are in the real estate business. Closed door sessions, using the school board's meter money, calling in experts, unnecessary work in preferred districts all show some of the true facts. The city should be made to pay the taxpayers' money for what it is intended.

OLD-TIME REPUBLICAN

**Editor's Note: The man in charge of Lincoln's public improvements does receive two salaries but there is nothing secret about it. He is paid as head of the public works department and as head of the city's utilities, thus not loading all his salary onto taxes. As to paving contracts, all city jobs are let through sealed bids and any contractor in the world is free to submit a bid and could expect to get a contract of low bidder and a reputable firm. It seems natural to us for local firms to obtain paving contracts here as a general rule since it would be costly for out-of-town firms to move in equipment and men for such comparatively small projects. The situation is somewhat different on larger projects, and most of the work in Lincoln's current $3 million sanitary sewer improvement program is being done by Kansas and Iowa firms.**

### New Name?

Hastings, Neb.

To the editor of The Linncoln Star: At a time when Sen. Hruska and Congressman Weaver were trailing along with a Republican party caravan in this region, denouncing the Democratic party for aligning itself with labor organizations, the AFL and CIO bosses were busily engaged in the endorsement of Republican Cunningham for re-election to Congress from the Second District, which includes Omaha. And, too, Cunningham is so apparently ashamed of his party that he doesn't honor it in his billboard advertising. Will he find his campaign financed by the organizations that have endorsed him? Sen. Curtis ought to look into that!

Hruska tells us that he is a "conservative." Chairman Spelts has likewise stated and the rest of the congressional delegation will go along with them, as will Gov. Anderson, without doubt.

An old-time Republican columnist advocates the changing of the Republican party name to that of "Conservative." It seems a more dignified and high-sounding name! But let us turn to the dictionary and observe what these aforesaid gentlemen will then be standing for! It reads: "Opposes Progress."

Some will shout that that is a befitting name, since the Republican party has opposed progress for 50 years.

CECIL E. MATTHEWS

☆ ☆ ☆

### The Sheep Pack

Anselmo, Neb.

To the editor of The Lincoln Star: I have been hearing discussions on why Nebraska, an entirely agricultural state, has usually voted Republican when the Republican party never favors help for agriculture. Other states change their minds, but Nebraskans just vote the way their pas and grandpas voted, trusting everything to the Grand Old Party.

Some people never change their minds. They seem to fear that it would be admitting they had perhaps been wrong. Some people never think for themselves, just follow a leader. Some people never change. If their fathers believed the world was flat, they still believe it. If their fathers would never walk under ladders, they also are careful to avoid it. If their fathers planted their crops in the moon, that is the way they do, always looking in the almanac to be sure the sign is right.

And so the Republicans say that Nebraska never will change, they are sure. Wouldn't it surprise them if Nebraskans were to think for themselves?

### Inherited Tax

Lincoln, Neb.

To the editor of The Lincoln Star: This November 4 when election time rolls around, the matter of the wheel tax will be put up for a vote. But what about us who are under the legal voting age, who won't have had a say in the outcome?

If the tax is voted into effect, we will have to pay the tax even though we did not get to vote on it.

If all of us under the voting age who will have to pay would have the right to say in this matter, it would no doubt have some bearing on the outcome.

DICK H.
Age 20

### Harrison Record

Blair, Neb.

To the editor of The Lincoln Star: Lawrence Brock of Wakefield will defeat incumbent Congressman Harrison of Norfolk. The Nebraska farmer in the main still distrusts Mr. Benson and knows what he is doing to them.

Surely Mr. Harrison is not so naive as to really think that the people of his district nearly defeated him in 1956 because they had a poor corn crop and that they will vote for him now because God has been good and given them a good corn crop. How simple he must think them to be.

This is the same Harrison who voted for the Tidelands oil give-away—for Dixon-Yates—against development of Hell's Canyon by the public when Nebraska is a public power state—and who is the same man who had more to do with breaking the back of the Midwest farm bloc in Congress than any other one man in the Midwest.

On the other hand, Mr. Brock is a farmer who understands that the needs of agriculture are the issue that affects the constituents of the Third District the most. He is a capable and proven leader and will fight for the farmer and the small businessman in Washington.

Mr. Harrison would even drag sports and sportsmen into the political arena in his desperation to gain re-election.

## Five To Attend Pershing Rifles Colorado Meet

Five members of the national headquarters of Pershing Rifles at the University of Nebraska will attend the national assembly at the University of Colorado Thursday through Saturday.

Students attending are Pat Y. Kuncl of Omaha, national commander; Robert B. Maran of Norfolk, national chief of staff; Stanley L. Forken of Beatrice, national adjutant; Fred C. Howlett of Dorchester, operations officer, and Judson B. Douglas of Tecumseh, logistics officer.

The group will be accompanied by Lt. Col. Arthur Dean, assistant professor of military science and tactics.

The purpose of the convention is to plan the operation of the national society for the coming year and to rewrite the national constitution.

Pershing Rifles was founded at the University of Nebraska in 1892 by students of John J. Pershing, head of the ROTC department at that time. The national organization now has a total membership of 6,500.

## THREE LIQUOR HEARINGS SET

The State Liquor Control Commission set license suspension or revocation hearings Oct. 30 for Robert L. Schamp, doing business as the Border Inn, Dorchester, on charges of failing to observe in good faith the intent of the Nebraska liquor control act.

The commission said charges against Schamp included:

—Permitting his licensed premises to become a public nuisance.

—Filing with the Commission on two separate occasions application for a retail beer license and listing his home address as Dorchester when his home address and residence was in Lincoln.

The commission also will hear Oct. 30 an appeal by James R. Gates, South Sioux City, from the action of the local governing body denying his application for a retail Class C liquor license.

On Oct. 28, the Commission will hold license suspension or revocation hearings for Harold P. Savidge, Oakdale, on charges of not being a resident of Antelope County.

The Commission said that when Savidge filed application for a retail beer license, he listed his home address as Oakdale when actually, his home address and residence was in Ewing in Holt County.

## Day Of Mourning

Quebec (AP) — Premier Maurice Duplessis has declared Saturday a day of mourning for Pope Pius XII throughout Quebec province.

# Management, Market Improvements Needed

### . . . State Poultrymen Told

By Virgil Fallon

The Nebraska Poultry Improvement Association was told that farm flocks with management and marketing improvements can remain the state's basic strength in the competitive egg market.

Francis A. Kutish of Iowa State College at Ames said at Wednesday's session that flexibility of farm operations will be the "long-run competitive advantage over specialized, commercial egg production."

With greater farm mechanization, he said, the farm family can handle the required 600 to 1,200-bird flocks needed for efficiency and quality production.

**Mid-west Can Lead**

He said mid-western states can continue to lead egg production but that the broiler industry has logically shifted to the southeastern states.

He said diversified farms with "larger sideline flocks" can better weather market ups and downs than the large commercial producer.

But, he warned, the state must get active in quality production and marketing.

**Another speaker, Dr. John Adams of the University of Nebraska poultry husbandry department, said Nebraska's gross income from 1955-57 on poultry products slipped only 10.5% as compared with the national loss of 12.1% and was less than most neighboring states.**

He urged conversion to larger flocks for more efficiency to compete with the commercial raiser.

Only 3% of the state's eggs come from flocks of 800 birds or more as compared with one southeastern state of 68%.

Pointing out the economies of larger flocks, he said a case of eggs will buy 10% more machinery but 45% less labor.

**Richard Larkin, poultry division director of the U.S. Agriculture Marketing Service in Washington, D.C., spoke on a long-range trend toward control of their commodity by each commodity group in self-administered programs.**

The economist pointed out the potential market increase with a population growth of 3 million persons each year and the trend toward high protein diets and away from grains.

Lloyd Geil, general manager of the Poultry and Egg National Board at Chicago, told the group that educational and promotional programs on the high nutritional value of poultry and eggs should be aimed at potential market targets.

Among those listed were 43 million school children, 18 million teenagers, 1.5 million new brides annually, and the 11 million workers in industrial plants serving food.

Some 500 hatcherymen, flock owners, guests and exhibitors were registed for the 3-day convention which ends Thursday.

Thursday's highlights include the election of officers and several speaker sessions.

# Ike Says Foreign Policy Should Be Kept Out Of Political Campaign Debate

Washington (AP) —President Eisenhower said foreign policy should be kept out of political campaigns. Secretary of State Dulles, reversing himself, said it was all right for Vice President Nixon to reply to Democratic criticism in the field.

Eisenhower refrained from endorsing Nixon's statement in Chicago Monday night that the policy of former President Truman and his secretary of state, Dean Acheson, "resulted in war and the Eisenhower-Dulles policy resulted in peace."

Asked about the statement at his news conference, Eisenhower said:

"You are reading me a quotation that I haven't even read. But I do suscribe to this theory: Foreign policy ought to be kept out of partisan debate . . .

"I realize that when someone makes a charge, another individual is going to reply. I deplore that."

Dulles, who indicated earlier he regarded Nixon's comment as going beyond the bounds of proper campaign discussion, took somewhat the same line

He said he concurs there was need for a reply, such as Nixon made, to a weekend statement by the 24-member Democratic Advisory Council. That statement said Eisenhower administration policy has "led us to the brink . . . of having to fight a nuclear war inadequately prepared and alone." It challenged the GOP to defend that policy.

In his reply to the Democrats, Nixon made the comparison between Truman-Eisenhower policies and between war and peace.

Dulles, asked about the Nixon statement at his news conference, first said it "might fit without the limits" he regards as proper in campaign discussion of foreign policy.

Asked by newsmen for clarification, he changed the written record of the news conference to say both the Nixon and the Democratic council statements "might fit without the limits which I hope both sides would observe."

Later Dulles recalled he had told reporters: "When a statement is made on one side it is hardly practical to prevent an answer being made from the other side." Then he added:

"It was the statement issued by the Democratic Advisory Committee challenging the Republicans to 'defend' the administration's foreign policy that evoked the answer from the Vice President. In those circumstance I fully concurred in the need for that answer."

In effect, Dulles seemed to be saying the Democrats were to blame for starting the whole business and it was all right for Nixon to reply to them. But he also reiterated that foreign policy should be kept out of partisan politics.

### Nursing Home Placement To Be Discussed

State officials will present a classification system for nursing home service resulting in better patient care at less government cost Thursday at a Central Nebraska County Officials Assn. meeting in St. Paul.

Frank Woods, director of state public welfare, will take part in the discussions along with Verne Pangborn, state hospital director.

### Federal Suit Asks Back Pay From Doll Firm

Suit against Terri Lee Fashions Inc., 4129 O, was filed in Federal District Court to recover $176.40 due in alleged wages to a former employe.

The U.S Department of Labor alleges in its complaint that the sum is due the employe under the Fair Labor Standards Act requiring a minimum hourly wage of $1.

The firm manufactures and distributes doll clothes in interstate commerce, the department alleges.

### Hospital Strike

Rome (UPI) — Hospital workers walked off their jobs throughout most of Italy Wednesday in a token 24-hour strike designed to press their demands for wage increases and longer vacations.

Attendants engaged in emergency service and polio work remained at their posts. Officials said all essential hospital duties continued.

The strikers were demanding a raise of about $8 a month and 30 days' vacation each year. Their walkout was supported by both Roman Catholic and Communist-led unions.

# Cuming Co. Power District Drops 'Rural' From Name

The State Department of Water Resources Wednesday approved the application of the Cuming County Rural Public Power District, West Point, to drop the name "rural" from its charter.

Dan Jones Jr., department head, said the approval will allow the district to continue supplying electrical power to the city of West Point and to certain industrial users which are not strictly rural in nature.

The legality of a rural district furnishing a city was raised by a pending Gage County District Court case involving Norris Rural Public Power District and Consumers Public Power District.

The Cuming district also won authority to generate power.

The authority granted to Cuming was given last spring to the Wayne Public Power District.

Jones will hold hearings Thursday on the application of the York County Rural Public Power District to change the number of its directors.

# UNIVERSITY SINGERS SELECT 102 MEMBERS

The University of Nebraska Singers will be 102 voices strong when they present their annual Christmas and Spring concerts during the school year.

Membership of the Singers, announced by Director Earl Jenkins, includes:

## Clears Canal

Port Said, Egypt (AP) — The Danish cargo ship Else Nielsen (1,565 tons) cleared the Suez Canal this week en route to Eliat, Israeli port on the Aqaba gulf. She was the first Eilat-bound ship in 5 months to transit the canal. She carried no cargo.

# Dag Proposes U.N. Military Force Unit

United Nations, N.Y. (AP) — Dag Hammarskjold recommended that the U.N. set up the framework for an international military force that could be sent into action quickly when conflicts arise.

But the Secretary General outlined only what he called general principles to govern standby arrangements for a force. He made no request for an actual standby force — as proposed by the United States and as denounced by the Soviet Union.

Hammarskjold's views were contained in a 24,000-word report to be the basis for possible action in the 81-nation General Assembly at its current session.

The United States said it is going over the report in detail, but that in general it welcomes Hammarskjold's recommendations. Most U.N. delegations limited their initial comment to "we are studying it."

Soviet Foreign Minister Andrei Gromyko has already voiced his opposition to any kind of U.N. armed forces. He charged they would be in the hands of the United States "and its partners in the aggressive North Atlantic bloc."

President Eisenhower proposed last August that the assembly create a standby peace force. It was one of his points in a Middle East peace plan set forth at the emergency Assembly session.

Secretary of State Dulles renewed the proposal in his policy speech here last month. He suggested as one point for consideration the creation of a small U.N. planning staff — presumably of military men — to develop standby plans for calling into being, deploying and supporting a peace force.

Hammarskjold took the view that a standing group of military experts is not needed now.

He based his report on U.N. experience in setting up the present emergency force in Egypt, and creating the observation group in Lebanon.

## Grand Island Students Visit University

During a tour of the University of Nebraska, part of the 160 Grand Island students looking over University facilities visited a rehearsal of the chorus. In the back row behind seated chorus members are (left to right): Dean Dahkle, Donald Lif, Don Yost, Bill Quandt, Loretta Bredeson, Jane Rauert and Joyce Pedersen. (Star Photo.)

### Primitive Murder

Bombay (AP) — A rising murder rate in tribal jungles around Baroda City may bring a licensing system for bows and arrows. Bombay state's Chief Minister Y. B. Chavan reports most victims are done in by the primitive but still widely used weapons.

## $3,800 Bid OKd On CD Radios

A $3,828.69 bid submitted by the General Electric Co. for Civil Defense radio equipment was accepted by the Lancaster County Board.

The equipment involved, radio actuating control circuits, will automatically set off the city's air raid sirens in time of disaster. At present manual operation is used. The GE bid was the only one received.

City-County CD Director Richard Vestecka also said the new equipment will eliminate accidental sounding of the sirens.

Vestecka also asked the Board to allow storage of microfilmed county records at the bank at Hallam, where they would be safe in time of disaster. The Board approved the idea.

# FBI Combing Atlanta For Clues In Bombing

**Atlanta (AP)—Five suspects in the bombing of Atlanta's Jewish temple were questioned Wednesday by FBI agents and officers began searching the property of known anti-Semites for evidence connected with Sunday's blast.**

Detective Sgt. J. E. Helms obtained search warrants permitting officers to search 3 residences for explosives, tools, or other paraphernalia that might have some connection with the dynamiting of the Temple.

The 5 men already in custody were taken separately to FBI headquarters for new and intensive questioning. Atlanta police said two letters, one threatening the Atlanta Jewish community and another containing hate-mongering correspondence from out of the state, were discovered in homes of two of the men held.

Police said the letters and a statement by one of those under arrest tied two others in custody to an anti-Semitic group which met here last May to plot the Temple bombing.

The two are Wallace H. Allen, 32, a cripple who officers say likes to make pencil sketches of the Nazi Swastika and George Bright.

Police said both men had been identified as participants in the May bomb planning meeting.

# 2 Lincoln Firms File Incorporation

The Salem Oil Co. of Lincoln filed articles of incorporation with the secretary of state.

An authorized capitalization of $50,000, consisting of 500 shares at a par value of $100 each was listed by the incorporators, Charles G. Salem, Olive V. Salem, and Leland D. Van Boskirk, all of Lincoln.

Other firms, their authorized capitalization and incorporators, included:

Cornhusker Tile and Marble Co., Lincoln; $10,000; Leo B. McCabe, Lincoln, and Patrick H. Mullin, of Omaha.

Nebraska Motel Assn.; a non-profit Omaha group organized to bring the licensed motor court operators in Nebraska into closer relationship; Harvey Gates, Lincoln, and Warren Johnson of Omaha.

# Civil Defense Meet Planned Here Nov. 13

State Department heads together with Civil Defense area commanders will meet in Lincoln Nov. 13 to plan the integration of Nebraska state government into the statewide organization.

Austin Bacon, deputy state CD director, said the meeting would be followed by others throughout the state lasting up to March 31.

Area CD officials and interested county officials will attend the outstate meetings, Bacon said.

# LAFB Wing 10th In SAC Contest

After 3 days of competition in the Stratigic Air Command Bombing and Navigation exercises the 307th Bomb Wing from Lincoln Air Force Base was in 10th position.

The 95th Bomb Wing from LAFB was placed 35th according to official Air Force reports.

In individual crew rankings the crew from the 307th was placed in fourth in the overall bombing and navigation point totals.

The crew members are: Maj. Jack A. Crook, Maj. Vernon L. Biaett and 1st Lt. Harry E. Krebbs, all of Lincoln.

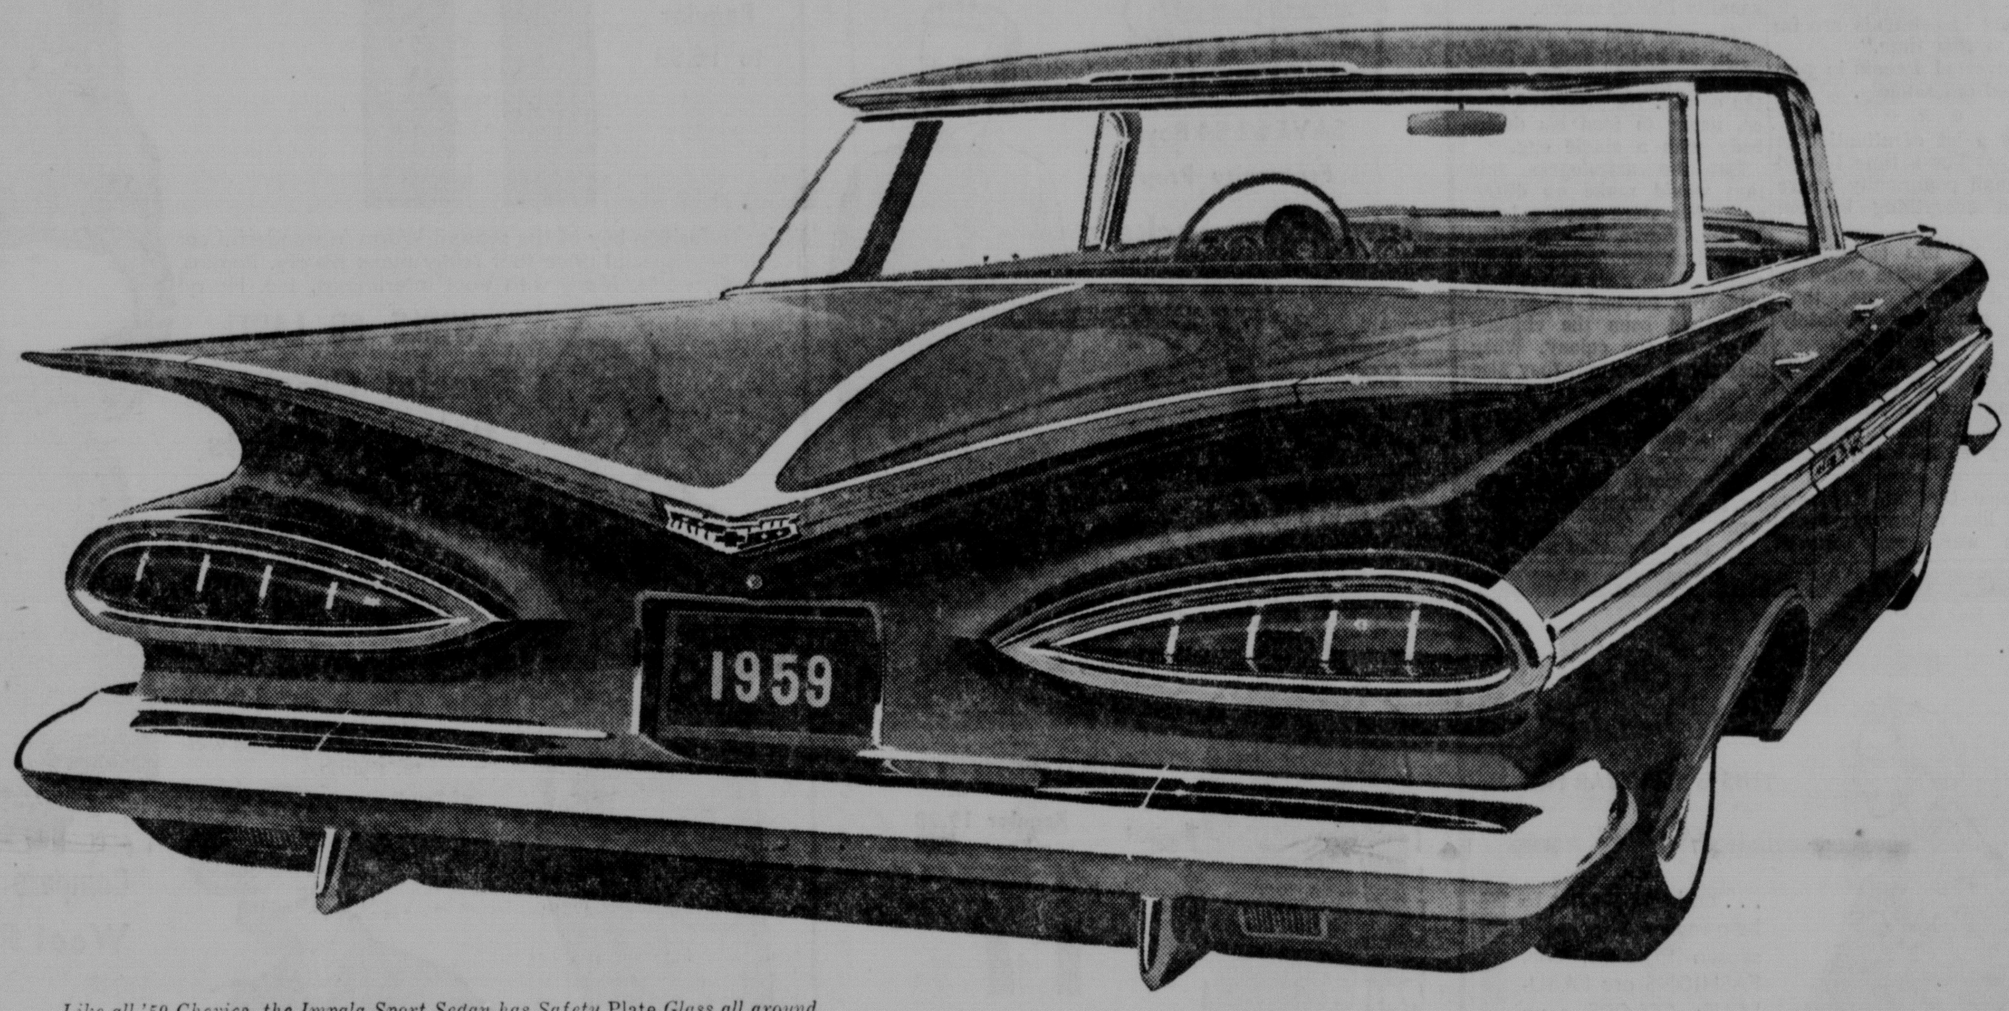
*Now . . . all America sees the one that's truly new!*



*Like all '59 Chevies, the Impala Sport Sedan has Safety Plate Glass all around.*

*what America wants, America gets in a Chevy!*

# '59 CHEVROLET

CHEVROLET

***It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires.***

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's *your* kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and roomier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop in now and see the '59 Chevrolet.

**Extra-cost option*

## Stan Delaplane's POSTCARD

We are celebrating birthdays this month, my son and I. We are born in the astrological sign of Libra.

"Harmonious, dainty Venus is planetary ruler of Libra. Imbuing its heirs with love of peace, composure and beauty."

That is us, all right. That is what it says in the astrology book. It is 100 per cent right.

President Eisenhower is a Libran. So is Anita Ekberg. We are diplomatic and pretty.

☆ ☆ ☆

"Finances continue to play a prominent role in your affairs."

I cannot remember when finances did not play a prominent role in my afafirs. But the astrology book may have information I have overlooked.

Our best time is from now until February. After that, things slack off until April. Then they pick up again.

**Finances picked up right away for both of us. My son got a check for $5. I found a quarter and two dimes in a suit I haven't worn since last winter.**

**"Sound investments are favored at this time."**

**We invested 5 cents in gum It turned out soundly.**

☆ ☆ ☆

I pay a lot of attention to astrology. For a time I lived in a small community where we did everything by the stars.

People of this community might seem a little weird to you. But believe me, they thought you were absolutely mad the way you lived.

They ate no meat. They would serve you eggs in the community restaurant if you demanded it. But they gave you very stern looks about it.

It seems that meat juices you up like a tomcat. Such feelings were very much against the idea of this community who yearned to lead a completely spiritual life.

On the restaurant walls, three was a sign: "Cream and eggs feed the desire body."

If you took cream in your coffee or ordered TWO eggs, you were likely to get your walking papers.

☆ ☆ ☆

It was in this town I had my first horoscope done. Charted and analyzed.

"You have Venus and Mars squared," she said.

"Is that good?"

"That is bad. It is a good thing it does not fall in Scorpio. That would be a bad sign. The squaring of these planets makes you a hot-blooded person. You must watch out for it."

"I certainly will. What else?"

She said I had a talent for art and would probably come into some money in later years of life. I should watch out for throat problems and try not to die by drowning.

☆ ☆ ☆

Everbody who came to this colony was horoscoped.

One man was thrown out on the strength of his chart alone.

He had Mars and Venus squared in Scorpio. And his other planets pointed to a personality like Casanova.

**The man said for goodness' sake, he hadn't done a thing yet. He WANTED to stay in the colony. He promised never, never to feed his desire body with a single egg.**

**But the astrologers said that would make no difference. His stars gave a built-in fire. Worse than gobbling a porterhouse with every meal. They were sorry, they said. But he had to go.**

He had been the chicken raiser for the colony. When they threw him out, they also got rid of the rooster of the flock. Birds of a feather—that is the way they looked at it.

Harmonious, dainty Venus don't allow no squares around here.

## Hopes Rise For Peace

Beirut (AP) — A coalition cabinet for Lebanon was agreed on Wednesday. Parliament is expected to give it a clear vote of confidence Friday morning and it may be the end of the 5-month civil conflict.

The compromise agreement, continuing Moslem Premier Rashid Karami in that post and naming a Christian Phalange leader vice premier, was hailed widely by Lebanese politicians and the press.

Only the extreme rightwing Social Nationalist party announced opposition. The party has only one deputy in the 66-man parliament.

The night curfew remained in force but Karami said he hoped to lift it soon. He put police patrols on the streets to hurry the peace-making process as dissidents began tearing down their barricades and shops reopened.

## 3 Scholarship Winners Told

Three University of Nebraska students studying chemical engineering have been awarded scholarships, James H. Weber, chairman of the department, announced.

Ronald B. Lantz of Burchard received a $1,500 plus tuition graduate fellowship from Phillips Petroleum Co.

Undergraduate recipients, both seniors from Lincoln, were: James Quick, $500 Dow Chemical Co. scholarship, and Burton Greiner, $500 Monsanto Co. scholarship.

***Sorority Trophies Awarded***

Mary McKnight of Auburn displays the scholarship trophy won by her sorority, Delta Gamma. Lois LaRue of Trenton accepts the trophy for most cooperation and contribution to Panhellenic ideals from Elsie Ford Piper for whom the award was named. Lynne Meyers of Lincoln, Panhellenic president, presented the scholarship trophy. Ten cups were presented Wednesday night at a banquet concluding the annual Panhellenic Workshop Week at the University of Nebraska Student Union. **(Star Photo)**

## Foundation Gives $100 Scholarships

The Greater Lincoln Scholarship Foundation Fund has presented $100 scholarships to Union College, Wesleyan University and the University of Nebraska.

The scholarships are to be given to students who show an interest in entering the petroleum industry, but the requirements for the grants are set by the colleges themselves.

Established in 1957 through contributions from petroleum dealers in the Lincoln area the fund provides for the 3 scholarships which are given annually during Oil Progress Week, Oct. 12-18.

Harold Hays, chairman of the Fund, said that the scholarships will probably be awarded by each school in the near future.

## Alpha Chi Omega Wins Piper Cup; DGs Top Scholars

Alpha Chi Omega sorority at the University of Nebraska was announced winner of the Elsie Ford Piper cup for the sorority showing the most cooperation and contribution to Panhellenic ideals Wednesday night.

Miss Piper presented the cup named for her at the concluding banquet of the annual Panhellenic Workshop Week at the Student Union.

Delta Gamma sorority won the scholarship cup.

Featured speaker was Helen Reich, dean of women at the University of Iowa. Toastmistress was Sandra Boyd.

# Ike Pledges No Pressure On Chiang To Cut Isle Manpower

Washington (AP) — President Eisenhower pledged he would not press Nationalist China to reduce its 85,000-man garrison on Quemoy. But he said he believes it illogical to keep so many troops on the shell-torn island.

"We are not going to coerce or try to coerce an ally about something in which they believe their very existence depends," he said.

Eisenhower spoke out at a news conference, backing up Secretary of State Dulles' remarks that the United States would allow Generalissimo Chiang Kai-shek to decide for himself what to do with his Quemoy forces.

Eisenhower left open the possibility that Chiang, with U.S. approval and perhaps some persuasion, might voluntarily decide to cut back his troop strength as a means of easing the Formosa crisis.

Dulles made clear the United States favors such troop reductions on Quemoy and Matsu but not as a concession to Red China. He explained it in these words:

"The question is whether given the number of forces that are there is it more effective to have them in their present numbers on Quemoy and Matsu or to have a greater number on Formosa which could have greater flexibility or greater range of action under certain contingencies and they could go back to Quemoy if the necessity came."

Eisenhower talked about the Quemoy problem as Taipei dispatches reported Nationalist Chinese leaders were now resigned to accepting U.S. suggestions that troops on the coastal islands be cut by as much as one-half. In return for this, more modern weapons would be given Nationalist forces to enable them to defend the islands with greater firepower.

**Sidesteps**

Eisenhower sidestepped a question about whether he would welcome a voluntary decision by Chiang to cut his coastal islands forces.

He considered the query for a few seconds, and then said: "I would think from what I have inferred, my own personal convictions as a military man, and I think as responsible for the foreign affairs of a country, what those convictions are, I see nothing . . . of advantage to be accomplished by making a public statement now that might be misunderstood in Taipei."

Eisenhower replied with a terse "No" when asked whether Chiang has indicated he would reduce his Quemoy and Matsu garrison in exchange for added firepower from the United States. He did not elaborate.

## WEATHER AHEAD

Temperatures are expected to average about 15 degrees above normal over Nebraska for the next 5 days ending with next Monday. Normal afternoon highs should range from the low to middle 60s in the north to the upper 60s in the south, and normal morning lows from the low to middle 30s in the panhandle to the middle 40s in the extreme southeast. Changes from day to day will be minor. No precipitation is expected.

## Dishes Rattled

## Beatrice, Wymore Object To Bus Schedule Change

The Chambers of Commerce of Beatrice and Wymore have filed objections with the State Railway Commission over proposed changes in the Transcontinental Bus service between Lincoln and Marysville, Kan.

The bus line has asked authority to discontinue certain local service runs between Lincoln, Beatrice, Blue Springs and Wymore, but seeks to add two new runs to its through service between Lincoln and Marysville.

**The new runs would include one scheduled to leave Lincoln at 12:15 p.m. and stop at Cortland, Beatrice, Blue Springs and Wymore, before arriving at Marysville at 2:19 p.m.**

**Flag Stops**

**The other would leave Marysville at 3:55 a.m., stop at Beatrice at 4:30 a.m., make flag stops at Cortland and Princeton, and arrive in Lincoln at 5:30 a.m.**

Beatrice has asked that the following runs be retained rather than discontinued as proposed by the company: 1. Leaving Beatrice at 10:55 a.m., and at 6 p.m., and leaving Lincoln at 2:15 p.m., and at 8 p.m.

Beatrice contends that these schedules are "more in keeping with the public needs and convenience in travel on a local basis to and from Lincoln and Beatrice."

The Chamber of Commerce said its second choice of schedules would include changing the proposed 12:15 p.m. leave from Lincoln to 10:30 p.m.; and to have runs leaving Beatrice at 9:30 p.m. and 2:45 p.m. to make connections to Omaha.

**Shoppers Cited**

Wymore objected on the grounds that the community has no bus service north from Wymore to Lincoln "for those people who would like to shop there and be back in Wymore the same day."

It also contended that the present bus schedule now gives Wymore one northbound bus which leaves Wymore at 4 p.m. and arrives in Lincoln at 5:25 p.m. and "does not even connect up with Omaha buses."

Wymore said it would like to retain its present buses and add the following: have a bus leaving Lincoln at 5:50 p.m., arriving at Wymore at 7:15 p.m., and have a northbound bus stop at Wymore at about 8 a.m.

The Commission is expected to consider the matter at its meeting Friday.

## Mrs. Putney Submits Her Resignation

### . . . From Health Board

Mrs. Fred Putney Wednesday submitted her resignation from the State Health Board, effective Nov. 10, to Gov. Victor Anderson because she and Mr. Putney are giving up their Lincoln residence and plan to make Crete their home in the immediate future.

Mrs. Putney

First appointed to the Board in 1953, Mrs. Putney's present term was scheduled to expire Sept. 13, 1959.

Nebraska's constitution now requires that executive officers must reside in Lincoln, but a constitutional amendment to be voted upon Nov. 4 would remove the Lincoln residence restriction.

If the voters approved the proposed amendment, placed on the ballot by the last Legislature, the governor may have an opportunity to name a replacement from out-state.

In her letter of resignation to the governor, Mrs. Putney said it has been a "privilege to serve as a member . . . with the capable and well-informed gentlemen who are the other members, and to work with Dr. Earl Rogers and his fine staff who are doing excellent work in services rendered to our citizens in the field of public health education."

Mrs. Putney said she was "convinced" that "our great need is to move forward and formulate plans to reach our Nebraska folk and provide them with more information in this field of public health."

Gov. Anderson is out of the city traveling with the Republican Campaign Caravan, and was not available for comment.

# New Russian Atomic Blast Set Off In Arctic

Washington (AP) — Another nuclear weapons blast has been set off by the Russians in the Arctic.

This is the 8th such blast detected by the Atomic Energy Commission since Sept. 30.

The commission said the latest blast was of high yield, similar to the shot announced by the AEC on Oct. 12.

A brief announcement by Chairman John A. McCone of the AEC said the latest blast —like all others in the current Soviet series—was fired north of the Arctic Circle. The commission did not give a date for the latest test.

The series began after Moscow's announcement last March that testing of nuclear weapons was being suspended.

Representatives of the Soviet Union and the United States will begin talks on an agreement to suspend all tests at a meeting scheduled to open in Geneva Oct. 31.

## U.S. Fires One

Atomic Test Site, Nev. (AP)—Scientists fired another pip-squeak atomic device. What the test lacked in power it made up in elaborateness.

It was exploded atop a 50-foot wood tower, the first wood stand ever used in tests here. Wood is desirable, scientists said, because it shields little radioactive material.

Steel towers, ordinarily used to support the great weight of equipment used for more powerful shots, vaporize and become radioactive.

The brief flash and weak shock wave flicked out over 500 pigs stationed at varying distances from the blast. Some were exposed, others were behind shelters. Doctors will examine them to determine the best kind of shelter.

Thirty-five military observers were in special shelters only 2,000 yards from the explosion.

Field fortifications also were tested.

Force of the blast was less than a kiloton. A kiloton is equal to 1,000 tons of TNT. One aim of the test series is to perfect small battlefield weapons.

## Elliott Chosen

Meeker, Colo. (AP) — Elliott Roosevelt, son of the wartime President, has been chosen Democratic chairman of Rio Blanco County, and there were reports he might run for Colorado governor in 1962.

You help hundreds of people through the People's City Mission by supporting Lincoln's United Community Chest and Red Cross Campaign. Twenty-six organizations are included in the United Campaign.

## Associated Industries Honor Jones, Kubert And Marshall

### . . . Lincoln NU Freshman 'Industrial Youth'

Hastings, Neb. (AP) —Merle G. Jones of Beatrice, president of Store Kraft Manufacturing Co., was honored Wednesday by the Associated Industries of Nebraska as the state's "Business and Industry Man of the Year."

Jones

Kubert

Marshall

Luff

Jones is a past president of the state organization and a member of the Board of trustees of Hastings College and is active in state and national Presbyterian affairs.

Virgil Kubert, the 17-year-old of Mr. and Mrs. Joseph Kubert, of 5703 Franklin, was named the organization's first "business and Industry Youth of the Year."

The youth, a graduate of Southeast High School, is a freshman at the University of Nebraska College of Arts and Sciences. While in high school Kubert maintained a scholastic average of 85% and received 6 major athletic letters.

Young Kubert owns part interest in an ice cream stand, purchased with money saved from carrying papers while in high school.

**Marshall Cited**

Charles Marshall of Elmwood, president of the Nebraska Farm Bureau was given the key man in agriculture award. Marshall underwent surgery recently and was not present.

**The organization re-elected Earl T. Luff of Lincoln, president, and Vern Anderson of Hastings, F. E. Borchers and R. S. Dickonson of Omaha, and H. H. Winkhoff of Grand Island, all vice presidents.**

New directors are Harold Salisbury of Lincoln and Marion Martin of Beatrice. Directors re-elected were J. John Grainger and Harry B. Lilly, Lincoln; E. C. Pomeroy, Omaha; George J. Schaefer, Beatrice, and Edward A. Lesanic, Columbus.

Dr. Donald Typer, president of Doane College at Crete, said in an afternoon address that the "strength of American technology and economy is dependent upon adequate support of both private and public education."

## 4 Sewage Fund Applications To Be Considered

Applications for federal funds for the construction or rehabilitation of sewage treatment plants of 4 Nebraska communities will be considered Friday by the State Water Pollution Control Council.

Included among those requesting funds, is the new application of David City, seeking $29,670 in federal aid for the rehabilitation of existing facilities, with the total cost of the project estimated at $99,250.

State Sanitation Director T. A. Filipi said there were sufficient funds available to meet the David City request, as well as applications from Omaha, Clatonia and Red Cloud, which the Council has discussed previously.

The Council meeting Friday will open with the showing of a moving picture, prepared by an Omaha engineering consultant firm, describing the need of sewage treatment in the City of Omaha, Filipi said.

## Mason Circuit Grievance Group Representative

John C. Mason, Lincoln attorney, has been appointed to represent the Eighth Circuit on the newly established Circuit Grievance Committee.

The committe, a part of the American Bar Assn., was formed as a part of the establishment of new procedures for enforcing the canons of professional and judicial ethics among members lawyers and judges.

Under the plan each of the 10 federal court circuits will have a greivance committee to consider complaints, hold hearings, when necessary, and submit reports to the committee-at-large.

According to the ABA this committee will submit its conclusions and recommendations on the circuit reports to the Board of Governors of the Association for final action.

# Around The Town

—it's a come and go morning as far as the news is concerned—In the "go" department are names that will be on the out-of-town guest list at the afternoon wedding of Miss Mary McCoy of Denver, and Robert Sidles Howey of Lincoln, which will take place in Denver on Friday—Then we found some news that will be of interest ot Lincoln, and especially to Kappa Kappa Gamma circles. In addition to that we found some homecomers — current and potential, and learned that the approaching week end was not to be at all dull.

* * *

—leaving on Wednesday evening for Denver—and the McCoy-Howey wedding were Mr. and Mrs. Jerry Desmond, Jr. (Sally Skutt), who plan to return home immediately following the wedding. There will be no lingering in Lincoln, however, for Mr. and Mrs. Desmond will hurry to Omaha and the Ak-Sar-Ben ball. And of course you haven't forgotten that Mrs. Desmond was the 1957 Ak-Sar-Ben Queen.

* * *

—from San Diego, Calif., comes the news that Lt. and Mrs. J. H. Mohrman and their three sons, Michael, David and Timothy, sailed for Hawaii on Tuesday where Lt. Mohrman will have a two years tour of duty. Mrs. Mohrman is the former Rosanne Hedke of Lincoln, daughter of Mr. and Mrs. H. H. Hedke, and Kappa Kappa Gamma at Nebraska.

* * *

—before we go on to our homecomers—and to the activities around town, we want to give you a new address.

Mrs. Ralph W. Jones, who left Lincoln recently to make her home in Palo Alto, Calif., now is settled in her apartment at 332 Everett, Palo Alto. Also residing in Palo Alto are Mrs. Jones' son and daughter-in-law, Dr. and Mrs. William O. Jones, and their family. Dr. Jones, by the way, is on the food research staff at Stanford University.

* * *

—back in town are Mr. and Mrs. John C. Whitten who have returned from an autumn holiday spent in Santa Fe, N. Mex., and at the Broadmoor in Colorado Springs.

* * *

—and today, so we hear, is homecoming day for Mrs. J. H. Ellis who has been spending the past several weeks in Alamagordo, N. Mex., where she was the guest of her son-in-law and daughter, Lt., and Mrs. James A. Miller and her very young grandson, James Huntington Miller.

Before returning home, however, Mrs. Ellis went to Dallas for a visit with relatives.

* * *

—expected home about Oct. 21 are Mr. and Mrs. J. Burks Harley who will be returning from their summer home at Pelican Lake, Minn., where they spent the entire summer.

* * *

—When Dr. and Mrs. Robert Burton entertain on Saturday evening (at the home of Mrs. Burton's parents, Dr. and Mrs. H. E. Flansburg) their guests will be members of their dinner Club. The six-couple group includes, in addition to Dr. and Mrs. Burton, Mr. and Mrs. Gates Minnick, Mr. and Mrs. Richard Spangler, Jr., Dr. and and Mrs. Robert Sherwood and Mr. and Mrs. Jerry Desmond, Jr.—But, we hear there are to be some absentees at this particular meeting of the group.

## Plan Meeting

The alumnae and active members of Chi Omega sorority will hold their annual Building Board meeting at 7:30 o'clock Monday evening at the chapter house.

Election of board members and reports will be featured.

# Officers Of NFWC District I

The annual convention of District I of the Nebraska Federation of Women's Club was held Oct. 9 and 10 at Plattsmouth, with Mrs. O. O. Attebery of Nehawka presiding.

District officers attending were (from the left) Mrs. Landis Rulla, Sterling, first vice president; Mrs. Calvin Sterns, Raymond, second vice president; Mrs. Attebery, Nehawka, president; Mrs. Ernest Norris, Avoca, third vice president; Mrs. Fred C. Naber, Syracuse, treasurer; Mrs. Loren Johnson, Verdon, parliamentarian; Mrs. Hugh Stander, Jr., Plattsmouth, director of juniors; and Miss Mary Nichols, Brock, secretary.

The keynote speakers was Mrs. William Hasebroock of West Point, recording secretary of the General Federation and past state president, and other featured guests at the convention were Mrs. P. O. Marvel of Giltner, state federation president, and Mrs. E. J. Huntemer, Grand Island, state first vice president.

Delegates representing the 31 clubs in the district, which includes the Lincoln Woman's Club and the Junior Woman's Club of Lincoln, were present for the two-day meeting which was highlighted by a banquet and program featuring the international relations theme. Banquet speakers were foreign students from Colombia, South America, Manuel Torregroza and Nora Davila.

## Dear Abby . . .

# There Are Others, Too!

**Abigail Van Buren**

DEAR MISS VAN BUREN: I am elderly and unmarried. Before my passing I would like to do something for animals, preferably dogs. Do you know of any organization (not a racket) dedicated to serving animals? My idea is to leave something to benefit them. Animals have so few friends.

ANIMAL LOVER

DEAR LOVER: Look into the "Society for the Prevention of Cruelty to Animals." Far be it from me to discourage your noble intentions, but before you leave everything to dogs, won't you consider the many worthy organizations dedicated to serving unfortunate and deserving people? The mentally ill, physically ill, orphaned, blind, aged, displaced and crippled to name a few.

☆ ☆ ☆

DEAR ABBY: My daughter is beautiful, 27 years old, and has had two unsuccessful marriages. Now she is in love with a married man. She knows there is no chance of his getting a divorce to marry her because his wife would never agree to it. But my daughter says he does not care as long as she can see him a couple of times a week. What kind of a life is that for a respectable girl, I ask you? Is there any way I can keep her from throwing her life away on this man?

BROKEN-HEARTED MOTHER

DEAR MOTHER: When a woman is in love, the last person in the world she will listen to is her mother. If you can't get her to talk to a psychologist, a clergyman or just any mature person with horse sense, she'll have to learn the hard way.

☆ ☆ ☆

DEAR ABBY: My husband has been in debt over his ears for the entire 18 years of our marriage. He's worked steady and makes good money. Right now we have four bills in the hands of collectors, and they have threatened to repossess our furniture. We have two impending law suits for back payments and we've had our telephone and water disconnected and the electricity would have been, but our child was sick when the electrician came. He owes $1000 to a loan agency and is trying to borrow more. Does my husband sound like a normal man with the responsibility of a family? What can I do with him?

MRS. O.

DEAR MRS. O.: Your husband sounds like a little boy who knows that green apples will give him a stomach ache, but he eats them anyway. YOU should get his pay check directly from his employer and give your husband carfare and lunch money.

☆ ☆ ☆

DEAR ABBY: Our son (age 22) is going with a very pretty girl from the other side of the tracks. We have heard some stories about her that would make any parents want to break up this romance. Nobody has any actual proof of these rumors, but I always say, "Where there's smoke, there's fire." How can we break it up without being obvious?

CONCERNED PARENTS

DEAR CONCERNED: Where there's smoke there doesn't always have to be fire, but there is usually someone who is pretty burned up. Don't pre-judge anyone until you have all the facts.

☆ ☆ ☆

CONFIDENTIAL TO "IN TROUBLE": You have a legal problem (and a serious one). Ask your local Bar Association (NOT tender) to pay him for what he knows. recommend a lawyer and If you can't afford one, go to your legal aid society.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

# CHATTER In The CORRIDOR

BETH

BY BETH DERING

"Motion carried!" were the words of Pep Club president Judy Umberger Monday night. The Pep Club had just voted to change uniforms. They have changed the old outfit, a gored skirt and turtle neck sweater, for a straight skirt with a crew neck sweater. The outfit will still be royal blue color. The blue sweater will be brightened by a red "U."

With only seven more weeks until the basketball season begins the Pep Club is getting anxious to show their school spirit. However, they are not half as excited as the cheerleaders who realize the short time for learning some cheers.

Speaking about basketball, the boys must be getting excited too. Maybe that is why they are always in the gym.

Y-Teens are busy with plans for the Sadie Hawkins party. A box social will be the highlight of the evening. The date for the big affair is October 22.

Three cheers for the Uni band, and do they deserve it. They looked "sharp" at the parade Saturday. Hard work and lots of practice made their preformance a success. It looks as though the director, Mr. Orlan Thomas, can take credit for a job well done.

The Senior class seems to be getting lazy with age. They have let the Junior class beat them in the election of class officers. The Junior class has elected president, Roger Vosika; vice president, Bruce Weeks; secretary, Ellwyn Campbell and treasurer, Jerry Hutchison.

Annual staff started taking subscriptions for the 1959 TUTOR last Monday. The yearbook is priced as $4.00 with $2.50 down payment.

Mumps? No, not quite, just a little tooth trouble. It seems as though Marilyn Miller and Mr. Stalcup, an assistant principal, were in equal pain Thursday. Thanks to the dentist they both lost some teeth. Oh well, such is the life of Uni Hi!

## Plan Annual Smorgasbord

The Milford Woman's Club is planning its second annual smorgasbord dinner for the public to be held on Thursday, Oct. 23, at the Masonic Temple in Milford.

The smorgasbord will be served from 5:30 o'clock to 8 o'clock, and a special invitation is extended to residents of neighboring communities. Proceeds from the dinner will be used for the club's community projects.

Serving as general chairman is Mrs. G. A. Dunlap, and she will be assisted by members of the finance committee, Mrs. Gene Harder, Mrs. Elton Havener and Mrs. E. J. Horner. Other committee members for the dinner are Mrs. Elwood Hershberger, tickets, and Mrs. Don Williams, publicity.

The menu will feature ham and turkey. Food chairmen are Mrs. Robert Eicher, appetizers; Mrs. Francis Grimes, bread; Mrs. Richard Stauffer, desserts; Mrs. Glen Weaver, salads; and Mrs. Richard Willard, vegetables.

# THE STAR IN SUBURBIA

### EASTBOROUGH

We'll whip out our welcome mat this morning since there are a number of new residents in our suburb.

Moving to Lincoln and hence to Eastborough the first of October were Mr. and Mrs. Vernon C. Wyman who made their former home in Des Moines, Ia.

Mr. and Mrs. Wyman have two children, an 18-year-old daughter, Dixie, and son, Jim, who resides in Salt Lake City.

The address of the Wyman home is 835 Northborough Lane.

Mr. and Mrs. Norris G. Christopher and their children, Jerri, Glena and Mona, settled in their new suburban home at 828 Northborough Lane in October.

Mention of the Christopher family reminds us that Jerri celebrated her 15th birthday on Friday when she entertained friends at a dessert supper at her home followed by a night at the cinema. Included in the group were Shirley Austin, Milt Hagelberger and Ernie Ryons.

Speaking of birthdays, Miss Mary Shilling celebrated her sixth anniversary on Monday, and in honor of the event Mary was hostess to members of the younger set at an afternoon party at her home. Invited for the gala affair were David Godsey, Linda Schneck, Mary Pat Robinson, Billy Verner, Joanne Faltermeier, Ricky Brinkman and Mary's sister, Donna.

## Outlook Club

Mrs. R. W. Gray will be hostess on Friday afternoon to the members of the Outlook Club. The 1 o'clock luncheon will be held at her home, 2501 Rathbone Rd., and will be followed by a program, "Our Debt to the Arab Civilization," to be given by Mrs. F. T. Darrow.

Last Monday evening Mrs. John Reeder and Mrs. Galen Fritchie were hostesses at a farewell party given in honor of Mrs. Walter Hudkins. The dessert bridge was held at the Reeder home, and on hand for the affair were Mrs. Stanley Perry, Mrs. William Lien, Mrs. Donald Houy, Mrs. Thomas Healey, Mrs. Ralph Witham, Mrs. Jerry Donahue and Mrs. William Giles.

Capt. and Mrs. Hudkins will leave Lincoln the latter part of this month for their new home at the Air Force Academy in Colorado Springs.

Understand that Mrs. John Reeder's mother Mrs. Edward M. Carlin, Sr. of Minneapolis, will be arriving in Eastborough this week end for a weeks's visit with her son-in-law and daughter.

### MEADOW LANE

A subject around which much interest centers of late is the new Brownie troops which are getting into full swing on their fall activities.

Mrs. Vernon Pettet is the leader of fourth grade Brownies at Meadow Lane School, and young ladies included in the group are Cynthia Anderson, Kathy Davies, Trisha Winter, Malla Tomlinson, Loretta Howard, Cynthia Sue Pettet, Sally Schultz, Tina Kudlacek and Lynn Churchill. Assistant leader of the troop, which meets on Monday afternoons, is Mrs. Reg Davies.

Think it's rather interesting to learn that the mothers of these fourth graders, Mrs. Bert Anderson, Mrs. Arthur Winter, Mrs. Marvin Tomlinson, Mrs. William H. Howard, Mrs. Duane Schultz and Mrs. Franklin Kudlacek, have formed a Brownie Mothers Club and hold regular meetings just as their daughters do.

The second grade Brownies at Meadow Lane School have as their troop leader Mrs. Merton Norton, and their meetings are scheduled on Wednesday afternoons. Members of the troop include Regina Norton, Barbie Davies, Karen and Carol Pettet, Carmen Morgan, Connie Becker, Debbie McCunn, Barbie Reed, Kathy Mauck and Leslie Anderson.

# Extension Clubs Meet

The Fairview Extension Club met Tuesday afternoon at the home of Mrs. Adolph Rosengren. The program lesson, "The Lady and The Law," was presented by Mrs. Rosengren and Mrs. Ed Studnicka.

Officers elected for next year were Mrs. Harold A. Reed, president; Mrs. J. R. Reed, vice president; Mrs. Paul Reed, secretary-treasurer; and Mrs. Studnicka, news reporter.

The North Bluff Extension Club met recently at the home of Mrs. Francis Finigan for a review of the book, "Onions in the Stew," by Betty McDonald, presented by Mrs. Don Meyer.

The first of a series of lessons on gift-wrapping was given by Mrs. Don Fagan. The members also re-elected the club's officers and Mrs. Walter Minchow, Jr., was named secretary.

The next meeting will be held Oct. 21 at the home of Mrs. Don Fagan.

Lincoln's veterans receive many services from Veterans Service Center. This is one of the many organizations you support by your contributions to your United Community Chest and Red Cross Campaign. —Adv.

# United Campaign 3rd Day At 37% Of Goal

The United Community Chest and Red Cross Campaign reached a total of $219,721 as the third day of the drive produced $60,934. The grand total now represents 37% of the $598,802 goal.

Latest reports from the 4 employee divisions were:

Industrial and Automotive, Lee Berkheimer, chairman: $14,127, for a drive total of $20,256.

Foods and Services, Les Rau, chairman, $1,451, for a drive total of $3,998.

Business and Professional, Charles Thorne, chairman: $2,864, for a drive total of $20,346.

Public Departments, Fred Herrington, chairman: $1,031, for a drive total of $36,834.

Lloyd J. Marti, chairman of Division A (advance gifts), reported $41,139 collected by his Division in the third day of the drive bringing the total for the division to $132,939.

The Women's Division, Mrs. Carl A. Donaldson, chairman, reported $522 for a total of $5,546.

Two section colonels were cited for achieving 100% or more of their quotas. Receiving the first two citations presented this year were Col. Russel J. Greene, campaign project officer for the Lincoln Air Force Base, and Julius Humann, head of the Lincoln Public Schools solicitations.

Firms whose employes reached or exceeded their goals in the third day of the drive were:

Bankers Life of Des Moines, Campfire Girls, Inc., Central Furniture Exchange, Collection Service Co., Continental National Bank, Credit Bureau of Lincoln, Dr. O. D. Ellis, J. J. Exon Co., Fairmont Foods, First Trust Co., Grand Grocery.

Handy System Stores, Hester Service industries, Hinky Dinky, Lincoln Community Chest & Community Council, Lincoln Food Retailers, Maser's Grocery, Miller & Paine, Otto's Grocery, Sinton Motor Co., Dr. Dorothy Stonesifer, U.S. Business Forms, Gene Van Winkle Auto Co., Rip Van Winkle Auto Exchange and Wachob Bender.

## Farm Bureau Scores Wheat Law 'Loopholes'

Two legal exemptions aggravate the wheat surplus problem, a Nebraska Farm Bureau Federation spokesman said Wednesday.

Bernie Camp, NFBF Information director, said the law exempts from penalties seedings of less than 15 acres, and states with acreage of less than 25,000 acres are designated non-commercial and are exempt from quotas and allotments.

In 1957, Camp said, more than 620,000 producers grew less than 15 acres of wheat each. Of these, 230,000 had no allotments, indicating that the exemption is attracting large numbers of new growers to wheat.

Sixty-five per cent of all growers in the commercial area planted 15 acres or less in 1957. In two out of 3 states designated "commercial" more than 50 per cent of 1957 plantings were 15 acres or less, Camp said.

Five of the 12 states designated non-commercial—Alabama, Mississippi, Louisiana, Arizona, and Nevada—would have had allotments totaling 78,000 acres in 1957 had they been in the commercial area. Because they were exempt from controls, these states seeded 570,000 acres.

Many states which were not commercial areas have gained the commercial designation since 1939. Their quotas and allotments have come out of the acreage of traditional wheat areas, thus legally spreading the right to produce among more producers, Camp said.

Controlling wheat production has been no more successful than controls on other commodities, he said, adding that with 65% of producers exempt from controls, "the odds are too great."

## Memorial For Dr. Ray Hunt Set Thursday

Memorial services will be held at 10 a.m. Thursday at the First Christian Church, for Dr. Ray E. Hunt, 74, who died Tuesday in Kalamazoo, Mich.

Dr. Hunt

He was the former pastor of First Christian for 18 years.

The Rev. Paul Becker, former minister at Bethany Christian and now of the Norwalk, Ia., Christian Church, and the Rev. Charles Wilson, pastor of Lincoln's First Christian Church, will officiate.

Dr. Hunt, a native of Parsons, Kan., came to Lincoln in 1924.

During his pastorate at the local First Christian Church, Dr. Hunt, served as director of the Community Chest, president of the Lincoln Council of Social Agencies, and as a member of the Board of Directors of the Society for Crime Prevention.

## Frontier Says Run Success

Omaha (AP)—A Frontier Airlines representative reported Wednesday the first two weeks of the airline's service in northern Nebraska were "successful beyond our expectations."

The Omaha-Casper, Wyo., flights began Oct. 1.

The Civil Aeronautics Board warned that if cities along the route didn't average 5 passengers a day within a reasonable time, the route would be cancelled.

"Most of the cities have been close to or above 5 passengers a day already," said Don Boyle, district sales manager for the airline. "Chadron and Ainsworth have been the strongest points."

Omaha had produced 100 westbound passengers, he said.

Kill cooking odors fast with Colgate's new Florient

Makes air smell flower-fresh

- Just one quick spray kills bad odors fast.
- Kills odors from cooking, smoking, bathroom, pets, musty closets, baby's room, sick room.
- Wick deodorants are too slow—some aerosols too weak, but Florient really kills bad odors, lasts and lasts.
- Keep an extra Florient in your bathroom.

More women buy FLORIENT than any other air deodorant

# BIG TEN REBUKES WOODY HAYES

BANKS PACES NATIONAL LEAGUE; BOB CERV FINISHES 3RD

## Tribe's Colavito Tops AL Sluggers With .620 Mark

New York (AP)—Rocky Colavito, more renowned for his strong arm than for heavy hitting with the Cleveland Indians, took aim for the fences in 1958 and wound up with the American League slugging crown.

The right-handed swinging outfielder slugged .620, accumulating 303 total bases in 489 at bats. His 148 hits included 26 doubles, 3 triples and 41 homers.

Statistics compiled by the Associated Press also show that Ernie Banks of the Chicago Clubs produced the highest slugging average in the National League, .616.

The 25-year-old Colavito was runnerup in both the home runs and runs batted in departments. In 1957 he finished in an 8th-place tie in the slugging listings.

Banks became the first Cub player to win the slugging title since Hack Wilson in 1930. In his 5th season with Chicago, the 27-year-old shortstop also led the National League in homers and RBI's.

A right-handed batter, Banks amassed 380 total bases in 617 trips and collected 193 hits. His extra-base output showed 24 doubles, 11 3-baggers and 47 homers. He placed 5th among the slugging leaders in 1957.

Slugging averages are computed by adding the total bases on all hits (one for a single, two for a double, etc.) and dividing the aggregate by the number of official times at bat.

Mickey Mantle of the New York Yanks trailed Colavito with a .592 mark on 307 total bases in 519 at bats. Mantle, whose 42 homers topped the league, also delivered 21 doubles and one triple among his 158 hits. The switch-hitting outfielder was the slugging leader in 1955 and 1956.

Kansas City's Bob Cerv ranked 3rd at .590, followed by Ted Williams of Boston with .584. Williams finished first in slugging in 1957 with .731. Washington's Roy Sievers rounded out the top 5 with .544.

Willie Mays took 2nd in the National league with a .583 average. The Giants' flashy outfielder, a 3-time leader whose .626 average was high in 1957, compiled 350 total bases in 600 official appearances. Of his 208 hits, 33 were doubles, 11 triples and 29 home runs.

Milwaukee's Hank Aaron was 3rd with .546. Then came Stan Musial of St. Louis at .528 and Frank Thomas of Pittsburgh at .527.

## Dirty Football Charge Irks Conference Brass

Chicago (AP) — The Big Ten Commissioner Wednesday rebuked Coach Woody Hayes of Ohio State for his recent charges that grid officials have permitted "dirty football."

Commissioner Kenneth L. (Tug) Wilson released a statement in which he accused Hayes of doing a "disservice to college football by his broad charges which leave the public with an impression that college football is dirty, for this is not a fact."

Earlier this week, Hayes said at a Columbus, Ohio, press luncheon that collegiate defenses "are getting away with a lot of dirty football" while game officials are "officiating the offense right out of existence."

Hayes added he was putting his complaints in a letter to Wilson.

Wilson's statement Wednesday said:

"I have postponed comment on his (Hayes') statements until I received such a letter. But it has not been received. I therefore have to go on what he has said to the press. These statements have been generalizations without reference to a particular game.

"I can assume he has generalized because I saw his Illinois game of last Saturday and I observed nothing in that game which I could say supported his allegations.

"Coach Hayes knows full well there are better channels than public discussion for disposing of any questions he may wish to raise regarding officiating or player conduct. He also knows full well that we do not condone dirty play as having a place in college football.

"And he knows very well that we do not permit our officials to tolerate it. I do not believe his generalizations are well founded. We have not received comment from other coaches or observers that would confirm them.

"He has done a disservice to college football by his broad charges which leave the public with an impression that college football is dirty, for this is not a fact."

Wilson said he could only reprimand Hayes because the Big Ten code does not allow for any formal punishment, such as a fine or any other more stringent censure in such a case.

Ray Eliot of Illinois, dean of Big Ten football coaches, was incensed by a published report that Hayes complained that too much piling on was permitted in the Ohio State-Illinois game last Saturday in Champaign. OSU won 19.13.

Eliot said he was surprised and shocked to read of the insinuation that Illinois plays anything but a clean and fine game." He added:

"Anyone who has the audacity or termerity to infer that Illinois players played anything but clean football throughout the game (with Ohio State) must be a man who is out of his mind or likes to hear himself talk.

"There are enough people already running down college football," Eliot continued. "There are too many people trying to find inadequacies in a sport which is one of the finest.

"Hayes' statements left a bad taste in the mouths of Illinois players and coaches. The last thing we want is a smear campaign. We get sick and tired of hearing the same old rantings and ravings of Woody Hayes."

## Recoveries Cheer Jennings; All Huskers Ready For Action

### KEEPING SCORE

☆ ☆ ☆

With Al Beebe

Star Sports Staff Writer

I think I now have 50% of the speediest backfield in many years. The second red-headed boy Beebe, named Kyle (like Rote), arrived Monday morning.

Why speedy? Well, the first son was born 50 minutes after we arrived at the hospital.

**Kyle looks even faster. It took him only 10 minutes. Things were a little busy around the hospital for awhile.**

The doctor came flying in like a 10-second man.

The fact is now duly mentioned (without which Bonnie wouldn't let me come home). You know, it's tough working such items into a sports page, sometimes.

---

Speaking of speedy backs, there seems to be a host of them among Nebraska preps this season. I can see right now that picking the All-State team is going to be rugged, with plenty of competition.

If I started naming names, I'd fill up this space in a hurry. But the emphasis seems to be on speed. Have you noticed the numerous high-scoring games being played this year?

**Defense is almost a forgotten art. Teams have rolled up 5 or 6 hundred yards on several occasions this season, and individuals go over the 150-yards gained mark with regularity.**

But defense is not completely forgotten, and that's the main reason Schuyler leads the Class B ratings and Merna is 3rd in Class C. Neither have allowed a point in 5 games. They are the only teams remaining with untarnished goals.

---

I have a bone to pick with some of my sports writing companions in the state.

Many of the state's scribes, like myself, play the game of predicting the winners of the week's games. Now this is great fun. Predicting the winners is about 50 per cent random chance, 30 per cent luck, and maybe 20 per cent skill. But it's fun, and I don't mind people laughing when I'm wrong.

**But some of my fellows in the business are cheating. They are doing this when they throw out tie games in their percentages, or even if they figure the ties in the percentages.**

A tie is a miss, plain as can be. You said a team would win, and a tie is not yet a victory. If the writer predicted a tie and it happened, give yourself an extra pat on the back and count it as one right. But if you didn't predict a tie, count it as a miss.

Play the game fair, fellows.

But I remember a game in New Mexico which was a tie, a win, and a loss, all at the same time.

New Mexico, like many states, has a playoff system to determine a champion. In tie games, penetrations were used to determine which team was the victor.

**In Albuquerque one year, in the city rival game corresponding to the Lincoln High-Lincoln Northeast tilt here, the score wound up 6-6.**

**The officials said that the old school, as Lincoln High, led in penetrations, 3-2. But every sports writer said that Northeast had the 3-2 margin, and films bore out the writers.**

Can you see the rhubarb now? "Lincoln High" was allowed to play in the state championship contest the next week, while the "Northeast" fans had no consolation other than that they knew they should be playing for the title. The outcome was not changed because the "Lincoln High" coach had asked the officials during the third quarter which team led in penetrations, they told him his team did, and he played accordingly. He simply ran out the clock, without trying for a penetration.

But the fur really flew for awhile. Needless to say, I'm happy Nebraska has no such situation.

### Doubtful List Trimmed; 36 Travel To Syracuse

By Don Bryant

Nebraska should be better off physically against Syracuse Saturday than the Huskers figured earlier in the week.

Coach Bill Jennings said Wednesday afternoon before a brief offensive scrimmage:

"Things look brighter than they did at the first of the week. I wish some of the boys were healthier, of course, but everyone with the exception of Dean Cozine should be able to play."

Jennings said he would take a 36-man squad to Syracuse Friday morning, including halfback Pat Fischer, fullback Carroll Zaruba, end Roland McDole and quarterback George Harshman—all early week question marks.

**When asked if they would be able to play, Bill said: "Yes, we're taking only boys who will be able to play and we plan on playing the boys we take."**

Harshman appeared to have a touch of bronchitis late Tuesday night and spent the night at Student Health, but he was okay Wednesday and participated in the practice.

McDole worked out in full gear Wednesday, but was kept out of the contact drills. Both Zaruba and Fischer appear to be recovering from their hurts and should be able to help Saturday.

Also adding to Jennings pleasure is the fact that end Roger Brede, the only flank letterman, has been cleared for full duty. He suffered a fractured wrist in fall camp.

"We've played against basically the same type of offense the first 3 weeks of the season," Orange Coach Floyd (Ben) Schwartzwalder declared, "but this is going to be a little bit different. We have to be ready for the single wing as well as the T."

The Orange coach rates the present Nebraska team a good deal stronger than the Cornhusker array Syracuse topped 26-9 at Lincoln last fall. Nebraska is 2-2 to date, with an upset win over Penn State in its opener.

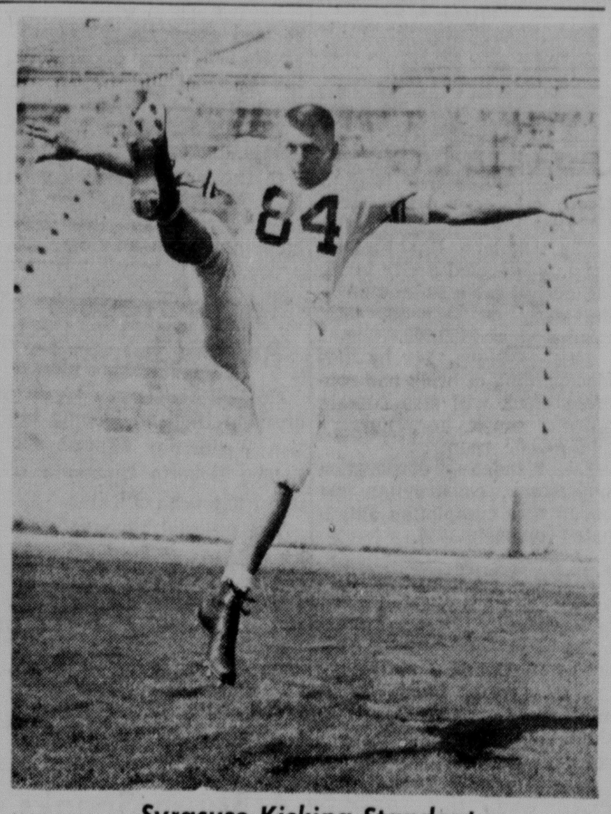
Saturday's game will mark Nebraska's first visit to Archbold Stadium since 1929, when Nebraska's Big Seven champions came East to edge the Orange 13-6. The Orange coach that year was Lew Andreas, the present Orange athletic director.

Syracuse hopes to throw a balanced attach against Nebraska. Against Cornell last weekend, the Orangemen came up with some strong aerial thrusts for the first time this fall. Quarterbacks Chuck Zimmerman, Dan Fogarty and Bob Thomas all showed improved passing form.

Despite fine efforts by third-string signal caller Thomas and No. 2 left halfback Art Baker, the Syracuse opening backfield will probably remain the same—Zimmerman at quarterback Tom Stephens and Ger Schwedes at the halves and sophomore Ed Keiffer at fullback.

### *Syracuse Prepping For NU Single-Wing*

Syracuse, N.Y.—With a one-sided win over old rival Cornell tucked into the record books, Syracuse University's football squad turns to intersectional competition this weekend, entertaining the multiple offense minded Cornhuskers of the University of Nebraska.



*Syracuse Kicking Standout*

Tom Gilburg, lanky Syracuse end, will do the kicking for the Orange against Nebraska Saturday. Gilburg is a 6-4 sophomore. He weighs 220 pounds. The flankman is from Chappaqua, N. Y. **(Photo Special to The Star)**

## Des Moines Eyes AAA, B Loops

Des Moines (AP)—Des Moines baseball leaders are pinning their hopes for 1959 on the long-discussed realignment of the minor leagues.

"There might even be a possibility of triple-A ball for Des Moines if the realignment goes through," said Herb Drey, president of Baseball, Inc.

He said Des Moines will have money to get another season started—"if we have any place to play."

The Class A Western League, which extends for some 1,200 miles into Texas and New Mexico, is believed to be on its last legs. Several major league clubs have withdrawn their support.

The Class B Three I League, offering lower operating costs and some intrastate rivalries, was suggested Wednesday as a possibility for Des Moines.

No formal proposal was made on the subject, but several members of Baseball, Inc., indicated they wouldn't be opposed to such a move.

### Joan Damon Wins

Osaka, Japan (AP)—Mrs. Joan Damon of Honolulu, won the woman's amateur golf title of Japan Wednesday with 269 strokes for 54 holes. Hatsuko Yokogawa of Tokyo was second with 274.

### Yanks Rehire Lopat

New York (AP)—Eddie Lopat, who managed Richmond, a farm club for the New York Yankees, during the past 3 years, will rejoin the parent club as a floating pitching coach next year, it was learned Wednesday.

### Faraway Farm Sells For $255,976.59

Lexington, Ky. (AP)—Faraway Farm, the blue grass horse nursery made famous by Man O'War, brought more than a quarter-million dollars at auction Wednesday.

## NFL Not Aerial Circus, Rushing Pays Off, Too

Philadelphia (AP)—Those who think the National Football League is nothing but an aerial circus should take a good look at the weekly statistics.

The first team statistics report of the season disclosed today that most pro teams are featuring well balanced attacks, divided fairly evenly between ground and air.

Five of the 12 teams have gained more yardage on the ground than through the air. One other shows a small plus for the air arm.

Strong ground teams are the Cleveland Browns, Los Angeles Rams, New York Giants, Chicago Bears and Pittsburgh Steelers. Washington has gained 82 yards more on passing than running. Detroit, Baltimore, Chicago Cards, Green Bay, Philadelphia and San Francisco are strictly from air power.

If you're looking for proof positive that one phase of the game is better than the other, the statistics won't help. Cleveland, a powerful ground club heads the Eastern Division, while Baltimore, leading the Western half, has depended more on passing.

Getting down to the figures, the Chicago Cardinals, surprisingly enough, lead the entire league in total offense, 1,250 yards to 1,238 for Cleveland. Los Angeles ranks 3rd with 1,179, and Baltimore 4th, 1,123.

## CASEY NIXES RETIREMENT TALK; SIGNS 2-YEAR PACT

New York (AP)—Charles Dillon (Casey) Stengel, who failed to win the pennant in only one of his 10 years as an American League manager, will pilot the world champion New York Yankees at least for another two years.

The 68-year-old strategist quieted all rumors of retirement Wednesday when he signed his 6th two-year contract calling for an estimated $80,000 annual salary. He reportedly earned $70,000 in 1957 and 1958.

The re-signing of Stengel was announced at a mammoth press conference by Co-Owner Dan Topping and General Manager George Weiss, in plush surroundings replete with television and newsreel cameras. The grizzled pilot, wearing a natty brown suit and tie to match, appeared none the worse for wear following the gruelling World Series victory in which the Yankees had to overcome a 3 to 1 deficit to defeat the Milwaukee Braves in 7 games.

"I am very happy with my new contract," he said. "I'm not concerned with the money end of it, however. I'm pleased that the management and Weiss wanted me back. No, I had not thought of retiring at any time this year.

"How much longer I'll manage depends upon my health and whether they want me back. A man of my age has to go from year to year. If I felt I wasn't well it would be silly for me to stay. And I'm getting to the stage where I could get sick pretty quick."

Topping, acknowledging that Stengel received a "rewarding" contract, lauded Casey for his job in the World Series.

"Casey has done some great things for us during the 10 years he's been with us," he said, "but I think his greatest achievement was winning the World Series this year. We're proud to have him with us."

Stengel, who broke in as a player in 1910 and got his first managing job in 1925, will be starting his 50th year in organized baseball.

"Let's say it's my 49th year," he quipped. "I got paid one year for not being in it." (Casey was referring to the 1937 season when the Brooklyn Dodgers paid him off with one year to go on his 3-year contract.)

The man who won 9 pennants and 7 world championships said he will be seeking to improve his club next year.

# Wisconsin 14-Point Choice Over Iowa

By Dunkel Sports Service

If you think Job had a mess of trouble, just consider the problems ahead of Coach Milt Bruhn of Wisconsin.

His undefeated Badgers wrapped up powerful Purdue last Saturday, 31-6, to take the Dunkel Rating lead, with 115.4.

Now all he has to do is ready them for Iowa (101.3), Ohio State (98.4), and Mich. State (106.1) on successive Saturdays.

It won't ease Bruhn's pain a bit to know that Wisconsin rates 14 points over next weekend's guests, the Hawkeyes.

Other leading teams show the following pars over next Saturday's opposition:

No. 2—Army 35 over Virginia.

No. 3—LSU 15 over Kentucky.

No. 4—Auburn 5 over Ga. Tech.

No. 5—Mich. State 1 over Purdue.

No. 6—Texas 32 over Arkansas.

No. 7—Oregon 23 over Washington State.

No. 9—Oklahoma 31 over Kansas.

No. 10—Ole Miss 19 over H-S.

Dunkel Ratings are a continuous index of scoring difference relative to strength of opposition. The higher rating team has won in 74.0 per cent of 743 games, not counting ties, covered to date.

x — Home team.

Yale captured the first formal Ivy League football title in 1956 and also won the soccer crown that year. In 1957 Princeton won both the football and soccer titles.

## Magee, North Lead LCC Stag

Ollie Magee won low gross on 18 holes with a 76 and Don North led the 9-hole play with a 36 in an iron derby stag at the Lincoln Country Club Wednesday.

Other winners were Bob Lau, Floyd Chance and John Spray, low net for 18 holes with 71s; Gus Swanson, low net 9 holes, 32; Lou Roper, most pars; Wally DeBrown and Charles Boswell, best poker hands; Bill Orwig, closest pin on No. 5 and Dr. William Rotton, closest pin on No. 10.

The event was staged to honor winners in the recent club handicap and seniors tournaments. Winners in the tourneys were:

**Club Handicap Tournament**—Won by Paul Hyland, net 272; Bill Hoppe Jr., 280; Fred Patz, 281; Chauncey Kinsey and Harold Brown, 282; Ted Sic, 283; Dr. William Rotton, 285; Harold VanBurg and Charles Boswell, 286; Seldon Davey, 287; Herb Deurmyer, 288; Frank Roberts, Dr. H. A. Capek, Howard Chapin and Floyd Chance, 290.

**Senior Club Championship**—Won by Ted Sick; 2—Frank Roberts; semifinalists—Don Pegler Sr. and Clarence Swanson.

**Senior Club Handicap Tournament**—tie for first between Wheaton Battey and Dr. Milt Wieland, net 71; Ed Munson and Ward Simpson, 73.

## Go-Ahead Given For New Alleys

The Antelope Building Corp. was issued a city building permit for a 24-lane bowling alley at 2555 So. 48th, estimated at $130,000.

The one-story, 141 by 152-foot building of brick and concrete block will also contain offices, snack bar, nursery and locker rooms.

Ed Wendelin, corporation spokesman, construction has begun with completion anticipated for early 1959.

## *Jake Jacobsen Paces Archers*

Jake Jacobsen took top honors at the latest shoot of the Capital City Bowhunters, an invitational novelty benefit shoot held at the club grounds north of Lincoln.

Jacobsen won the Open Class, while Ron (Blackie) Meyers took second and Werner Grierson was 3rd.

**Bowman Division:** Won by Jack Kendall; 2. Roy Mueller; 3. Bob Ambrose.

**Archer Division:** Won by Oral Gilbert; 2. Bob Skiles; 3. Doc Mills.

**Junior Division:** Won by Vance Wilson; 2. John Wilson; 3. Mike Lemond.

**Women's Division:** Won by Jackie Heheon; 2. Jackie Wilson; 3. Dorothea Mueller.

# Next Stop: Title Battle In Britain

London (AP) —As far as a lot of British fans are concerned, big, blond Henry Cooper has the world heavyweight boxing crown sewed up.

Even those who don't think much of his chances against champion Floyd Patterson conceded the Cockney plasterer battered his way to a chance at the title when he outpointed Zora Folley of Phoenix, Ariz.

Harry Levene, London promoter talked about a Cooper-Patterson match in London next June. He said he may be flying to the United States within the next few days to talk over final terms with Patterson's manager, Gus D'Amato.

British sports writers rhapsodized about Cooper's brilliance even while conceding the decision might easily have gone to Folley.

Their exuberance was understandable.

If Cooper fights Patterson here in June it will be the first heavyweight title fight held in London since 1908, when Canada's Tommy Burns defeated Britain's Jack Palmer by a knockout.

A Cooper-Patterson title match is likely to produce the biggest gate in British boxing history — and a hefty take for both fighters.

Jim Wicks, Cooper's manager, said it's his man's life ambition to get in the ring with Patterson "but not for peanuts." He added Cooper will want a purse in the region of 30,000 pounds ($84,000).

As the prospect of the match with Patterson shaped up, Cooper appeared unlikely to go through with plans for a title fight with British heavyweight champion Brian London scheduled for Dec. 31.

Wicks said he plans a rest for Cooper and maybe a warm up fight in spring before the Patterson meeting.

Folley, who should know, said he thinks Cooper has a good chance against Patterson.

"Cooper's a good boxer and jabs well," said Folley. "That's how Patterson can be beaten."

## Taxes Trouble Bucs' Clemente

Pittsburgh (AP) — The government filed an income tax lien Wednesday against outfielder Roberto Clemente of the Pittsburgh Pirates.

The internal revenue service claims Clemente owes $1,411 in income taxes for 1957. Clemente presently is training with the U. S. Marines at Parris Island, S. C., and is scheduled to rejoin the Pirates next April. He is a native of Puerto Rico.

## Ashburn Speaks

Philadelphia Phillies outfielder Richie Ashburn will be the featured speaker at the 3rd Annual All-University Stag Thursday night at 7 p.m. in the Student Union Ballroom.

## Shooting Hours

**Sunset Thursday — 5:46 p.m.**

**Sunrise Friday—6:40 a.m.**

**Sunset Friday—5:44 p.m.**

**Legal shooting hours—one-half hour before sunrise to sunset for all game regulated by the Nebraska Game Commission.**

**Sunrise and sunset hours are given for Lincoln and any point in Nebraska due north or due south of Lincoln. Since sun time changes approximately one minute for each 13 miles in Nebraska, add one minute to the times above for each 13 miles west of Lincoln, for each 15 miles east of Lincoln subtract one minute.**

## *Ralph Dupas Beats Turner*

Montreal (AP) — Fast and elusive Ralph Dupas of New Orleans jabbed and slashed his way to a one-sided 10-round decision over veteran Gil Turner of Philadelphia. Dupas weighed 144½, Turner 152.

Dupas completely confused his heavier opponent enroute to an unanimous decision.

A curly-haired Cajun, a pro since he was 14, Dupas danced in and out behind lightning-fast left jabs and sharp rights as he took the lead on the first round and never yielded the advantage in the bout, televised in the United States.

Now and then the 27-year-old Turner managed to catch up with Dupas but even then he was beaten to the punch as the New Orleans scrapper slugged his way out of a tight spot. The victory was Dupas' 73rd. He has lost 9 and drew 6. The defeat gave Turner a 57-17-2.

Several times, Turner yelled to the dancing Dupas to come in and fight. And when Dupas did answer the challenge the exchange was to his advantage. In the 3rd round he caught Turner coming in and twice buckled the Philadelphian's knees with hard rights to the jaw.

## Venturi Shares 1st

Irumagawa, Japan (AP) — Shooting a par 72, Ken Venturi of San Francisco, shared the lead with two Japanese golfers in the opening round of the 4-day Japan open golf championship Wednesday. The other American entrant, Jackie Burke, Jr., of Houston, Tex., carded a fine 73.

# Auburn Leads Two Defense Categories

## . . . NU 6th In Stopping Passes

By The Associated Press

Not since the finale game of the 1956 season has a foe been able to score on the ground against Auburn.

Since then the defending national champions have played 13 football games and not once has a team scored against them on the ground. Each of the 5 touchdowns scored against them have been via air, including one on an intercepted pass.

This rock-ribbed, armor plated defense has enabled Auburn to hold the major college defense leadership for the 11th consecutive week, statistics released Wednesday by the National Collegiate Service Bureau show.

In their 3 games this year the Alabamans have yielded an average of only 81 yards a game — 45 on the ground and 36 by passing. They have given up only 8 points.

North Texas State, 9th in total defense a week ago, jumped into second place this week, with an average yield of 136 yards in 4 games, although it has given up 40 points.

As tough as is the defense of Auburn, two other teams have allowed fewer points. Wisconsin and Oregon each has given up only 6 points, an average of two a game compared with Auburn's 2.7. Army has allowed only a 3.3 point average, Mississippi 3.5, Iowa State 3.5, Louisiana State 3.8, Dartmouth 4, Georgia Tech 5.8 and Texas Christian 6.

In line defense Florida moved from 7th place to second by limiting UCLA to 29 rushing yards.

The major college defense leaders:

**TOTAL DEFENSE**

| | Games | Plays | Yds | Per Game |
|---|---|---|---|---|
| 1. Auburn | 3 | 135 | 243 | 81.0 |
| 2. N. Texas State | 4 | 207 | 544 | 136.0 |
| 3. Miss. State | 3 | 149 | 437 | 145.7 |
| 4. Georgia Tech | 4 | 198 | 612 | 153.0 |
| 5. Purdue | 3 | 148 | 465 | 155.0 |
| 6. Pittsburgh | 4 | 227 | 642 | 160.5 |
| 7. Oregon | 3 | 161 | 488 | 162.7 |
| 8. Iowa State | 4 | 228 | 660 | 165.0 |
| 9. Army | 3 | 186 | 498 | 166.0 |

**RUSHING DEFENSE PER GAME**

| | Games | Rushes | Yds | Per Game |
|---|---|---|---|---|
| 1. Auburn | 3 | 105 | 135 | 45.0 |
| 2. Florida | 3 | 114 | 187 | 62.3 |
| 3. Mississippi | 4 | 115 | 262 | 65.5 |
| 4. Houston | 3 | 91 | 197 | 65.7 |
| 5. Tulsa | 4 | 163 | 288 | 72.0 |
| 6. N. Texas State | 4 | 130 | 321 | 80.3 |
| 7. Michigan State | 3 | 111 | 243 | 81.0 |
| 8. Pittsburgh | 4 | 166 | 337 | 84.3 |
| 9. Miss. State | 3 | 123 | 275 | 91.7 |

**FORWARD PASS DEFENSE**

| | Games | Atts. | Comp. | Yds | Per Game |
|---|---|---|---|---|---|
| 1. Tennessee | 3 | 24 | 9 | 91 | 30.3 |
| 2. Auburn | 3 | 30 | 12 | 108 | 36.0 |
| 3. Army | 3 | 49 | 12 | 130 | 43.3 |
| 4. Holly Cross | 2 | 18 | 7 | 90 | 45.0 |
| 5. Oregon | 3 | 43 | 17 | 138 | 46.0 |
| 6. NEBRASKA | 4 | 37 | 14 | 191 | 47.8 |
| 7. Iowa State | 4 | 51 | 24 | 201 | 50.3 |
| 8. Coll. Pacific | 3 | 49 | 19 | 152 | 50.7 |
| 9. Brown | 3 | 34 | 15 | 153 | 51.0 |

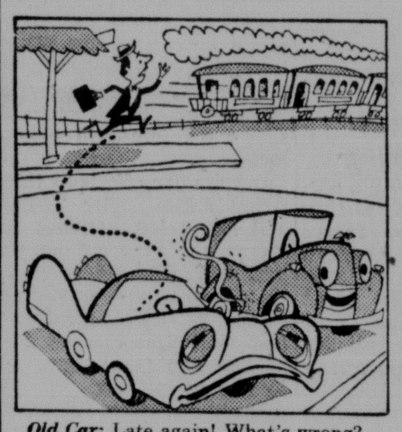
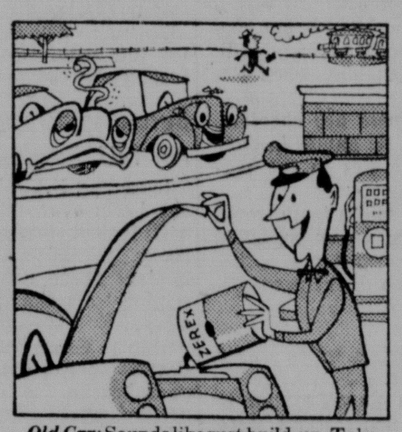
Du Pont Zerex® anti-freeze

PERMANENT TYPE

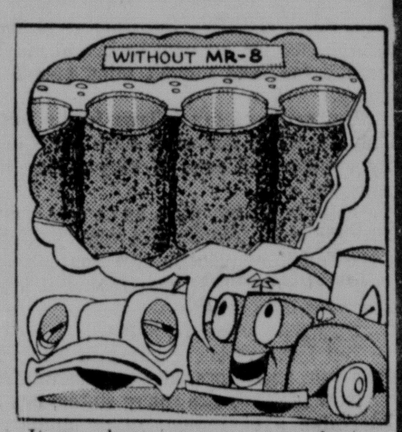
with MR-8 keeps your car's cooling system Chemically Safe from rust and corrosion!



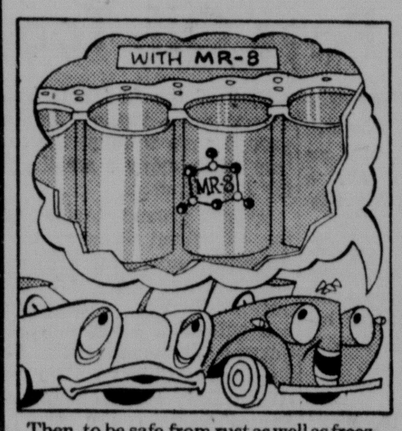
*Old Car:* Late again! What's wrong? *New Car:* Dunno! I'm running a fever... seems my cooling system's sluggish.



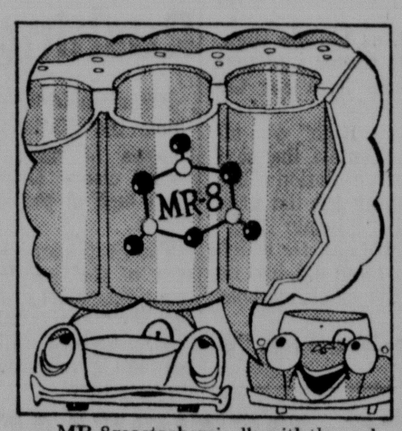
*Old Car:* Sounds like rust build-up. Take it from me, rust can harm your cooling system just like freezing.



It can clog narrow passages, slowing circulation. This leads to overheating, expensive repairs! Get a cleanout . . .



Then, to be safe from rust as well as freezing, get Du Pont "Zerex" with MR-8. It keeps you Chemically Safe because—



. . . MR-8 reacts chemically with the cooling system surfaces to form a chemical armor against rust and corrosion!

What's more, one filling protects all winter, GUARANTEED—or refills free at leading dealers where you . . .

. . . see this sign! Tell your boss to look for it—he'll get Guaranteed Anti-freeze Protection all winter long with Du Pont "Zerex" with MR-8! Remember . . .

Du Pont "Zerex" is the *only* permanent type anti-freeze that has MR-8 to keep your cooling system Chemically Safe from rust and corrosion!

*New Car:* Pardon my dust, old pal—but my cooling system problems are over now, thanks to Du Pont "Zerex" with MR-8 chemical armor!

# Tireless Casey Names DiMaggio Top Yankee

New York (AP) — At the New York Yankee press conference Wednesday in which it was announced Casey Stengel had been re-hired as manager for the next two years, a newsreel reporter asked Stengel to name the greatest player he ever managed.

DiMaggio

"I'd have to say Joe DiMaggio," Casey answered. "He didn't play too long for me but he was tremendous. He was amazing. He did everything right. He had the natural instinct. He could do everything he could hit, he could field, he could run and he made everything look easy. And he played in a park that was not suited for him.

"If DiMaggio had played in Fenway Park, for instance, he would have set hundreds of records. He was just great, just tremendous.

"Now if you want to know who is my second best player, I'd have to say Yogi Berra. He catches every game for me. He can hit, he can throw, he can run. He also has to use his mental powers as well as his physical powers. He is the manager on the field. He runs the show. He, too, is tremendous.

"Hold it, Casey," said the man, "I'm almost out of film."

"Now if you want to know who is the 3rd best player I ever managed . . ."

"Just a moment, Casey," interrupted the cameraman, "I've just run out of film."

Casey continued:

"Well, anyway, it's Hank Bauer. He's played for me 10 years and there hasn't been a game in which he didn't run his legs off for me. I'd have to say he, too, is amazing, great and tremendous.

"And, now if you want my 4th . . ."

---

The North Carolina-North Carolina State football rivalry began in 1894.

# 54 NEBRASKA FROSH TO MAKE AMES TRIP

Nebraska Freshman Football Coach Warren Schmakel has named a 54-man squad which will bus to Ames, Ia., for the Husker-Cyclone freshman game Friday afternoon.

The Nebraska yearlings will leave at 6:45 a.m. Friday morning, and will leave Ames for Lincoln immediately after the game.

Game time Friday is 3 p.m. Last year the Iowa State frosh nipped the Huskers, but a new freshman coaching system and a lot of manpower may reverse that decision.

Iowa State will field 43 freshmen against Nebraska.

The traveling squad, by positions:

**Left ends** — Dick McDaniel, Port Arthur, Tex.; Jim Huge, Holdrege; Roger Hanson, Sioux City; Phil Case, Tekamah; Ken Pieper, Quincy, Ill.

**Left tackles** — Duane DuBois, Niagara Falls, N.Y.; Jim Raschke, Omaha; Jerry Kelly, Quincy, Ill.; Dave Sundberg, Red Wing, Minn.

**Left guards** — Pete Williams, Dayton, Ohio; Dick Bell, South Sioux City; Harvey Naasz, Mobridge, S.D.; Don Houser, Lincoln; Bob Savoie, Marshall, Minn.

**Centers** — Bill Slacas, Cleveland, Ohio; Mick Tingelhoff, Lexington; Jon Skaug, Kansas City, Mo.; Leonard Anderson, Aitkin, Minn.

**Right guards** — Al Fischer, Princeton, Minn.; Warren Dobry, Schuyler; Jed Rood, Columbus, Ohio; Robert Taylor, Faulkton, S.D.

**Right tackles** — Ken Dostal, Scribner; Monte Kiffin, Lexington; Al Harants, Grosse Point, Mich.; Charles Koopmann, Stanton; Ken Tuinstra, Des Moines, Ia.

**Right ends** — Roger Cole, Granite Falls, Minn.; Pat Salerno, Omaha; Larry Bluhm, Seward.

**Quarterbacks** — Ron Meade, Canby, Minn.; Bill Leifur, Bismarck, N.D.; Ron Gilbreath, Sidney; Joe Rutigliano, Brooklyn, N.Y.; Dave Stockman, Piqua, Ohio; Warren Powers, Kansas City, Mo.

**Left halfbacks** — Dallas Dyer, Lexington; Noel Martin, Broughton, Kan.; Hugh Smith, Guymon, Okla.; John Marman, Sidney, Mont.; Gene Ward, Glenwood, Ia.; Charles Filbert, Sheridan, Wyo.

**Right halfbacks** — Pat Clare, Sioux City; Gary Schaar, Lamberton, Minn.; Richard Chochon, Humphrey; Dennis Stuewe, Hamburg, Minn.; John Christensen, Nebraska City.

**Fullbacks** — Dave Roberts, Longview, Wash.; Jim Jones, Leon, Ia.; Steve Olson, Sioux City; Don Stewart, Miles City, Mont.; William Hayes, Fayetteville, Ark.; Jack Conger, Aurora.

(Don Purcell, Omaha, listed as a right end, will make the trip but will not play. He was injured in practice).

### Omaha Sells Byrd

Omaha (AP) — The Omaha Cardinals announced Wednesday the sale of pitcher Harry Byrd to Charleston of the American Assn. Byrd was with Omaha as a relief pitcher for 16 games in the latter part of the season. He had a 1-2 record.

### Morecambe Triumphs

Newmarket, England (AP) — J. Bullock's Morecambe, the 15 to 2 favorite, easily won the Cesarewitch Stakes Wednesday.

# Aurora Grade School May Be Ready By '60

### . . . Will Alleviate Acute Classroom Shortage

Lincoln Star Special

Aurora, Neb.—Aurora's new grade school, finally approved by voters this week after 5 previous times on the ballot, will probably be ready for use by January, 1960, Supt. E. D. Humann revealed Wednesday. Construction is expected to start by early next March.

"We're tickled pink the issue passed," commented John Florea, president of the Aurora Board of Education.

Humann

Voters gave the $150,000 bond proposal a 62% majority by a vote of 715 to 427.

**Supt. Humann explained the new structure will alleviate an acute shortage of classroom space. Six makeshift classrooms in temporary use for a couple of years have included the public library basement, the school bus garage, the stage of the old Hearn building, an old rural school building moved into town, and one room of the new high school building.**

The new high school structure was placed into use last year, but the destruction of the old high school building by flames two years ago left a shortage of grade school facilities.

In an extensive redistricting project, between 25 to 30 rural schools have been added to the Aurora district, bringing a big increase in the number of grade school students.

Supt. Humann said the $150,000 approved by the voters will be added to $100,000 in insurance from the school building destroyed by fire.

The new grade building will be located near the new high school in the western part of Aurora.

Although drawings of the proposed building have been prepared for earlier elections by Unthank and Unthank, Lincoln architects, there will probably be some changes, the superintendent predicted.

## Nebraska News

## Welch Hearing Again Delayed

Lincoln Star Special

Center, Neb.—County Attorney M. C. Warren said Wednesday that the preliminary hearing for Jack Welch, 17, of Verdigre, charged with motor vehicle homicide, has been delayed for the second time. It will be held here Saturday morning.

The youth faces the charges as the result of an auto crash this summer claiming the lives of two Lincoln youths, Richard A. Soper, 18, and Verle Bitterman, 17. The hearings had been scheduled originally for September, and later delayed until Wednesday when it was again postponed.

## 9 Burchfield Paintings In Concordia Show

Seward, Neb. — On display over homecoming and for the whole month of October at Concordia Teachers College at Seward is a one-man show of original watercolors by the Lutheran artist Charles Burchfield.

Nine paintings are on loan to Concordia from the Knoedler and Relm galleries in New York City. The original Burchfield, which was purchased by Concordia alums and given to the college as a gift last year, will also be on display.

## Missing Holdrege Man Found Dead

Holdrege, Neb. (AP)—A search involving more than 100 automobiles and two airplanes came to an end Wednesdday when Paul R. Garrison, 45, of Holdrege was found dead in his car not far from town.

Authorities said he died of a self-inflicted gunshot wound.

The car was spotted in a thicket 3 miles southwest of Holdrege Wednesday after the automobile search directed by police and firemen had been given up during the night. He had been missing since mid-afternoon Tuesday.

Garrison's physician said he had suffered from an incurable cancer for several years.

Garrison was a native of Orleans and had farmed for some time before operating a trucking firm in Holdrege. He is survived by his widow, 4 brothers and 3 sisters.

Funeral services will be Friday afternoon in the Holdrege Methodist Church.

## Success Not Survival Aim For Farmers

### . . . Says Hruska

Kimball, Neb. (AP)—Republicans are working not merely for the survival of the farmer but for the success of the farmer, Sen. Roman L. Hruska (R-Neb) said Wednesday.

**Democrats in Congress are working for the survival of the farmer, he said, but "for Republicans, survival is not good enough."**

Hruska was a speaker at Kimball as the Republican campaign caravan stopped here on its tour of the 4th Congressional district.

"We are working on a positive, forward looking farm program, not panaceas which work against the farmer in the long run," he said.

"Republican efforts are aimed at increasing the farmer's chances of selling his crops at good prices by finding new outlets for farm products overseas and in industrial uses and by enlarging present markets."

**Rep. A. L. Miller, who represents the 4th district in Congress, again refuted charges that he is unpopular with his colleagues and lacks leadership.**

"As a so-called 'do-nothing congressman,' I have actively worked for the Ainsworth and Farwell irrigation districts, the Gering-Mitchell Valley flood control project, the Sargent irrigation district, the Antelope Creek watershed project, the Morrill County watershed project and others," he said. "I had an active part in getting funds to complete Glendo Dam which will furnish water and power to western Nebraska. If you go back through the years and study the record you will find a great many projects that Nebraska wanted have been completed under bills introduced by A. L. Miller."

## High School Press Meet Set At NU

### . . . On Nov. 7-8

Some 800 high school press enthusiasts will gather on the University of Nebraska campus Nov. 7-8 for the 27th annual Nebraska High School Press Assn. convention.

Lester Benz, executive secretary of Quill and Scroll Society from Iowa City, Iowa, will address the delegates after registration Friday.

Journalism contests, sectional meetings and movies on journalism subjects will be held. Delegates may tour the Journal-Star Printing Co. building and KUON-TV, campus television station.

The Rev. Rex Knowles, Presbyterian - Congregational student pastor at the University and member of the National Association of Christian Athletes, will speak at the banquet Friday evening. A "Pi Party" for delegates and an advisers' reception will follow.

Professional newsmen will assist in sectional meetings which precede the awards luncheon Saturday. Dr. Gayle Waldrop, dean of the College of Journalism at the University of Colorado, will be luncheon speaker. His topic is "The Awards and Rewards of Journalism."

Awards to be presented during the convention total 133. Entries may be sent to James Morrison, NHSPA executive secretary, School of Journalism, University of Nebraska.

A Television Fan? Then you'll like John Crosby's column "Radio and Television in Review" in The Sunday Journal and Star. You'll also find complete program listing and preview of next week's features.

# Columbus Sets $25,000 Goal For Kellogg Center

Columbus, Neb. — A group of business and professional leaders of Columbus set a goal of $25,000 to be raised as the area's contribution to the fund drive for the proposed Kellogg Center at the University of Nebraska.

**The action was taken at the 1st of several outstate meetings called by the University of Nebraska Foundation for the purpose of raising a total of $1.1 million as the University's share in building the $2.6 million center.**

Presenting the proposed program for the Center at the Columbus meeting were: Chancellor Clifford M. Hardin; Perry Branch, director-secretary of the Foundation; George Holmes of Lincoln, chairman of the board of the First National Bank; and Roger Cunningham of Lincoln, vice president of the First National Bank.

**Branch said that other meetings in Nebraska towns are planned in the near future. He said a Nov. 4 meeting at North Platte is definitely scheduled.**

The University's deadline for raising the $1.1 million is Dec. 1. Earlier, the W. K. Kellogg Foundation of Battle Creek, Mich., announced that it would match the University's share with a $1.5 million grant, plus another $356,000 to help finance a part of the Center's program.

Chancellor Hardin announced that the University has now obtained in pledges more than $500,000.

## Blame Suffocation For Baby's Death

Ord, Neb. — Funeral services were held at Ord for Gordon Allen Miller, 8-month-old son of Mr. and Mrs. Roger Miller of Eyria. The baby reportedly died as the result of suffocation due to swallowing a large tack.

Surviving in addition to the parents are one brother, Clinton, 4; a sister, Carla, 3; and grandparents, Dr. and Mrs. C. J. Miller of Ord, H. Gentzler of Norfolk and Mrs. Maxine Malicky of Burwell.

### Farmer Injured

Carroll, Neb. — David Rees, who farms near Carroll, suffered severe hand cuts during a combine accident while he was harvesting at his farm. He caught his hand in the combine belt.

### 60 Attend Banquet

Carleton, Neb. — About 60 firemen and guests attended the annual banquet of the Thayer County Firemen's Assn. here. W. O. Baldwin of Hebron was speaker.

# Union 'Czars' Under Attack By NAM President Lightner

Hastings, Neb. (AP) — People have heard so much about the Teamsters Union's James Hoffa that many have overlooked other problems in labor-management relations that are more basic to the economy than racketeering, the head of the National Association of Manufacturers said Wednesday.

"Through unions' overwhelming strength, strategically applied first to one company and then against another, union czars have been able to force wages up, year after year, through good times and bad, without regard to the effect this has had upon the public or even upon their own members, NAM President Milton C. Lightner said.

**Lightner, in an address before the Associated Industries of Nebraska, said "wages have risen, on the average, twice as fast as productivity has been increased by new methods and new machinery. As we can only buy what we make, this has forced inflation upon us all."**

"In effect, labor leaders, by wage increases not based upon their own insistence upon economic reality, had forced their own members out of work," he asserted.

Lightner outlined 6 points suggested by the NAM as minimum provisions for a strong and fair labor reform bill.

These points were:

**"Restoration of the basic power and authority over union affairs to members of labor organizations to whom it rightfully belongs.**

"Protection of the right of each individual to decide for himself whether or not he wishes to join a labor organization, and a ban on making membership or non-membership in a labor organization a condition of employment.

**"A prohibition of organizational picketing which is intended to force recognition of a union; and on violence, coercion and all other forms of activity designed to force individuals to join unions.**

"Restoration by act of Congress of the right of state authorities to act in labor-management matters properly in their jurisdiction, and so eliminate the no-man's land in labor management relations in situations which have little or no effect on interstate commerce, or which the NLRB waives authority.

"A ban on monopolistic union practices, whereby collective bargaining is dominated by international unions without regard to the situation at the local level or the desires of local employees.

"A ban on the use of union funds and union staff manpower in behalf of particular parties or candidates."

**Describes Battle**

Desmond Barry, president of the Galveston Truck Lines, Houston, Tex., described his battle with the Teamsters Union in a nationally watched secondary boycott case.

**Barry advised fighting little issues through to a decision before they become big issues and too expensive to fight.**

He also urged election of men who will fight for the rights of individuals.

Chancellor Clifford Hardin of the University of Nebraska predicted funds will be raised for the adult education center at the University so that construction will start in March.

## Sheriff Not Pressing Charges In Jail Riot

Omaha (AP) — Sheriff Patrick E. Corrigan said he will not press charges against the principal figures in a recent county jail riot because "too much time has elapsed."

One prisoner was beaten by other prisoners in the riot involving 50 prisoners. Corrigan said it would be difficult to determine which of the 50 prisoners involved were responsible for the beating.

## Lloyd Gladwell Rites Thursday

Adams, Neb. — Funeral services for Lloyd M. Gladwell, 59, Adams trucker, will be at 2:30 p.m. Thursday at the Adams Methodist Church.

Survivors include his wife, Sibetha; one son, Leonard; one daughter, Norma Jean, both at home; and 3 sisters, Mrs. Della R. Williams of Johnson, Mrs. Bessie Mosby of Adams and Mrs. Ida L. Walter of Exeter.

## Schuyler Youth Wins FFA Farm Mechanics Award

Eugene James Jedlicka, son of Mr. and Mrs. Edward E. Jedlicka of Schuyler, was announced Wednesday night as winner of a regional FFA farm mechanics award of $200.

The presentation was made at the 30th annual National Future Farmers of America convention at Kansas City, Mo.

Only four such awards are given annually, for outstanding achievement in farm mechanics accomplishment.

Eugene lives with his parents on a 520 acre farm and completed four years of vocational agriculture in high school under instructor Ed Henderson.

Nebraska News

# Farm Real Estate Value Jumps 10% In Nebraska

Washington (AP)—The dollar value of farm real estate in Nebraska took one of the biggest jumps in the nation during the past year.

An Agriculture Department economist reported the average per acre value in the state was $80.70 in July as compared with $73.36 the same month in 1957.

This represented an increase of 10 percent during the period. Only Florida's 15 percent increase was higher across the nation.

However, the value of Nebraska's farmland was still below the national average of $102.40 per acre last July.

**The department economist said the big Nebraska percentage increase represented in part recovery from the 1956-57 drought as well as the effect of an expansion in the number of irrigation wells.**

He said about 4,000 such wells were drilled in the state during 1956, adding that the price of irrigated land was about double that of non-irrigated land.

**The dollar value of farmland in Nebraska compares with $74.24 an acre in 1952 and the peak of $87.91 back in 1920 during a post World War I boom.**

Another facet of the agricultural picture in the state shows that 46.9 percent of Nebraska farms were still located on dirt roads in 1950, the latest figures available.

# Arnold Arraignment Friday

Omaha (AP) — Admitted murderer William Leslie Arnold, 16, will be arraigned on two counts of first degree murder at 10 a.m. Friday in Omaha Municipal Court.

The youth was jailed Saturday after he admitted to police he shot his parents, Mr. and Mrs. William J. Arnold, Sept. 27 and buried their bodies in the backyard of the family home the next night. Young Arnold showed police the grave.

His attorney, Sheppard Taylor, has said he will ask for a psychiatric examination of the boy.

### Hi, Ho, Nikita

London (AP) — Soviet Boss Nikita Khrushchev accepted a gift of a thoroughbred race horse. The horse was presented by workers at a collective farm in Kuban where Khrushchev is on tour, Moscow Radio said.

## Scout Public Relations Post Goes To Rinder

Grand Island, Neb.—Harry Rinder of Grand Island was named public relations chairman of the Overland Trails Council, Boy Scouts of America, according to R. E. Spelts Jr., president of the council.

Meanwhile, 40 men from throughout the council attended a training session at Kearney on the Scouts new Explorer program.

### Indian Summer Weather Continues

Northern New England, the north and central Appalachians will have showers and thundershowers Thursday while a few showers will fall in western sections of Ohio and Tennessee valleys. Generally fair weather is expected elsewhere except for a few showers in the southern Plains. It will be warmer in the middle and north Atlantic states and central Mississippi Valley. Cooler conditions are slated for the upper Great Lakes and northern Plains. **(AP Wirephoto Map)**

## Iske Elected Head Of Legion District

Omaha (AP) — Robert Iske, Springfield, was elected commander of American Legion, District 8, at a meeting here. The district includes all posts in Douglas, Sarpy and Washington Counties except Omaha Post No. 1.

Other district officers include Henry Kinsley, Bellevue, vice commander; George Koch, Valley, Douglas County commander; Orval Godsey, Papillion, Sarpy County commander, and Martin Stork, Arlington, Washington County commander.

## Lincoln Artists' Works On View At Wesleyan

Works of 13 Lincoln artists are on display this week in the Lincoln Artists Guild exhibit at Wesleyan University's Little Gallery, according to Miss Gladys Lux, professor of art.

Miss Lux said the showing is open to the public from 8 a.m. to 5 p.m. weekdays, and from 9 a.m. to noon Saturdays.

New exhibitors include Tim Anderson, Jan Burgin and Mary McNutt.

Other members of the guild include Allen Kirtley and Shirley Martin, Lincoln high school teachers; Roscoe Shields, art extension at the University of Nebraska; Iva Hess, elementary teacher at Huntington school; Emily Marti, realtor; and Alice Edminston, Alta Feiselman, Lavonne Blumer and Lila Scrisher, housewives.

## Library Expenditures Down In September

Lincoln City Library expenditures were under the one month allowance in September by more than $2,000, Library Director Charles Dalrymple reported to a meeting of the board of directors.

Circluation for the month increased by 4,500 over this time last year. Registrations were up 1,500 from September, 1957.

## Trailer Court Closing Action Again Deferred

Action again was deferred by the Lancaster County Board on the closing of 3 trailer courts.

The Board in August had ordered the 3 courts closed for failure to meet health or zoning standards, but has since granted them extensions to work out their difficulties.

Involved are the Air Base Court, Center Court and Tower View Court. Action is expected to be taken on the matter next week.

## VALUATION APPEALED TO SUPREME COURT

Bert E. and Marian L. Matzke carried to the State Supreme Court their appeal from a Madison County District Court decision upholding the actual value placed on their property by the county board of equalization.

In a brief filed with the high court, the Matzkes said the basic value of their property should be reduced to $9,100 and the assessed value to $4,500 to reflect a basic and assessed value based upon the actual value of their premises.

The district court, the brief said, erred in failing to reduce the valuation of the couple's property for tax purposes after it found that the actual value of the property was $13,000.

# Mental Health Clinic In Lincoln Is Proposed

## Psychiatric Institute Seeks $42,380 For Operating Costs

The Nebraska Psychiatric Institute will establish a mental clinic in Lincoln to serve all southeastern Nebraska counties if the 1959 legislature approves a $42,380 item on the Institute's biennium budget.

In announcing the requested item, Institute director Dr. Cecil Wittson of Omaha, said "we feel such a clinic is needed for the Southeast and Lincoln would be the logical site for the operation."

Dr. Wittson said the location of the clinic should be a Lincoln decision once the appropriation is granted.

But as with other similar mental health clinics, he said it should be located in a hospital.

He said the $42,380 request would cover only one year of operation in the biennium.

Such a clinic is about to open at Memorial Hospital in North Platte.

The Institute also has established a clinic in Scottsbluff and acts in an advisory capacity for two others operating in Hastings and Norfolk hospitals.

The board of control has not considered the Institute's request for funds for the Lincoln project as it is a new item, according to Board Chairman Mrs. Katherine Martin.

"I feel there is a need for the clinic in this area, however," Mrs. Martin said.

## Ex-David City Banker Is Dead; Wed 71 Years

Lincoln Star Special

David City, Neb. — Word has been received here of the death of E. K. Crow, 93, former David City banker, at Long Beach, Calif. On Oct. 5 he and his wife, who is 89, observed their 71st wedding anniversary.

Surviving in addition to his wife are a son, John of Long Beach, and two grandchildren, Sidney Crow of Polk, Neb., and Rosemary Crow of Long Beach.

## Demo Women Meet Candidates At Tea

Plotting a Democratic victory this November at a women's tea in Lincoln are (left to right) Elair Callan of Odell, First District congressional nominee; Mrs. Carl Fisher of Lincoln; Miss Mary Cunningham of Rulo, national committeewoman; Mrs. Ralph Brooks of McCook, wife of the gubernatorial nominee, and Frank Morrison of Lincoln, senatorial candidate. (Star Photo.)

## General Phone Asks Rate Hike

Columbus, Neb. (AP) — The General Telephone Company of Nebraska asked the Nebraska Railway Commission Wednesday for an increase in rates.

The application did not call for specific exchange rate increases but rather for an increase in local service revenues amounting to $252,000 annually.

General Telephone serves 48 communities in Nebraska from 30 exchanges.

J. L. Van Horne, president of the firm which maintains its Nebraska district office at Columbus, said rising costs of doing business have made more revenue imperative. The

# Aid To Schools For Pupil Cost Explained

A federal official Wednesday outlined for State Education Department and public school officials details of amendments to Public Law 874 which helps defray costs of educating children of federal employes.

G. H. Smith of the Kansas City, regional office of the Health, Welfare and Education Department, explained ramifications of the recently passed amendments which will allow some Nebraska school districts to collect greater federal funds this year than previously for educating children of military and civilian employes of the Government.

**Under provisions of the bill, a school must have a minimum of 10 pupils, children of federal employes, in average daily attendance through the year and at the same time, the 10 students must represent at least 3% of the school's total annual average daily attendance, according to Paul T. Seidel, director of finances for the State Education Department.**

If the father of a child attending a public school lives at and works for a federal establishment, the school qualifying for aid receives an amount equal to the amount contributed by the community for the child's education.

However, if the father only works on a federal establishment, and lives privately, the school receives federal money amounting to one half the sum contributed by the community, Seidel said.

**Indian Children**

Recently passed amendments to the act provide for partially removing Indian children from jurisdiction of the Johnson-O'Malley Act which previously financed their education, Seidel said.

The amendments will consider the children as living on federal land and will provide payments similar to those received by schools in communities near military establishments.

However, the amendments will not completely remove all fringe benefits of the Johnson-O'Malley act from Indian children, Seidel explained.

**Nebraska has been receiving an average of from $800,000 to $900,000 per year in federal funds under P.L. 874 for some 30 to 40 public schools, Seidel said.**

Schools in the communities of Macy, Winnebago and Walthill most likely will be affected by the new amendments because of the large Indian populations in their areas, Seidel said.

Schools in Bellevue, Hastings and Sidney probably will see their appropriations increase with expanding government facilities in their respective areas.

# GOP Committee Named To Aid K. L. Ferguson

Lancaster County Republican Chairman Russell Brehm Wednesday named a 5-man committee to work for the election of Kenneth L. Ferguson as Register of Deeds.

Brehm said the committee was appointed because Ferguson was only recently put on the ballot. Ferguson, deputy Register of Deeds since 1951, will replace the late J. G. Vaughan who died unexpectedly last week. Vaughan had held the post since 1933.

Brehm named the following committee members for Ferguson's campaign: Ed Carter Jr., Phil Sidles, William Etmund, Harold Nelson and Charles Roach Jr.

# State Office Limits Eye Surgery Aid Sharply

## . . . $11,000 Fund Depleted

Only emergency cases of eye surgery will be handled by the Nebraska Services for the Blind until more appropriations are made, State Director H. L. Hines announced.

Hines explained that the cutdown for the remainder of the current biennium was due to the large demand for sight conservation and restoration surgery which has used up the present $11,000 fund of the organization for its 1957-59 biennium, which ends June 30, 1959.

"The demand for this type of service has been so great," Hines said, "that we were forced to use a bit more than the appropriation during the first 14 months of the biennium."

As a result, Hines said, any more operations performed during the biennium will have to be paid for from funds allocated to other areas of services to the blind.

Hines said his department faces the "difficult" ask of choosing among applicants those who will receive eye surgery "which will restore their sight."

When the Services for the Blind submitted its budget request to the last legislature, Hines said, it based its financial request on past experience. However, there have been more than twice the requests than expected for eye surgery.

Hines said he would seek a larger appropriation for this type of surgery from the 1959 legislature.

## $3,929 Raised For Missions

With only partial donations counted Union College students raised $3,929 in the school's Missions Promotion Day.

The total was slightly under the goal of $4,000 set by school officials earlier.

More than 400 Union College students participated in the program which is an annual affair to raise money for support of Seventh Day Adventist foreign missions.

Lancaster County and 22 other Nebraska counties were solicited.

# Utica Will Host Grange Judges

Utica, Neb. — A judging team of nationally known agricultural leaders will be in Utica today to meet Utica Grange officials and inspect the local Grange's community-service projects.

The Utica Grange is one of 10 finalists in the 11th annual $60,000 1958 Community Service contest co-sponsored by the National Grange and Sears-Roebuck Foundation.

**Selection as a finalist entitles the Utica Grange to a $1,000 cash award which will be presented today to Millard Bjerrum, local Master, by Robert V. Mullen, executive director of the Sears-Roebuck Foundation.**

A report on the local community projects will be given to the judges, followed by a noon luncheon at the Utica Auditorium.

Grange-sponsored projects include a citywide drive to repair an auditorium now used as a meeting place by the entire community; a Seward County "walking blood bank" program; a UNICEF Halloween party; a Christmas home decoration contest; a teachers' reception; and a 4-H Club achievement night.

## Nebraska News

## Warm Weather May Continue

Washington (UPI) — The Weather Bureau forecast warmer than usual weather for most of the nation during the rest of October with the possibility that it might turn cooler in the first half of November.

The Bureau's 30-day forecast from mid-October to mid-November said temperatures should average above seasonal normals except east of the Appalachians, along the Gulf Coast and in the Pacific Northwest where near to below normal weather would prevail.

## Planning Service Is Approved For Thayer Project

Falls City, Neb.—The Soil Conservation Service in Washington has informed Rep. Phil Weaver (R-Neb.) of Falls City that planning service has been authorized for a watershed conservation project in Thayer County.

Sponsoring the project are the Thayer County Soil Conservation District, the County Board of Commissioners, and the village of Hubbell. The project will be on the Bowman Spring Branch Watershed in Thayer County.

"Under the law, the local sponsoring organizations now must give the Department of Agriculture their assurance that they plan to go through with the project, with the cost allocation split as provided by the basic conservation," Weaver said.

# Recovery Try Fails; Stocks Sink Lower

New York (AP) — The stock market deepened its losses in another turbulent session Wednesday.

A vigorous recovery drive from Tuesday's sharp setback started the trading session. The advance petered out and stocks sank in heavy selling early in the afternoon. Another flutter of recovery got nowhere and again in the final hour prices were driven down to about their lows of the day.

Volume was 4,810,000 shares compared with Tuesday's 5,110,000, the biggest day in three years.

The ticker tape ran late for three periods: For 49 minutes at the start with the market higher; for 36 minutes in early afternoon when prices weakened; and for 41 minutes before the close when the tape was 5 minutes behind the pace of floor transactions, the worst delay.

Coppers and steels paced the initial rebound but the gains evaporated in the overall decline which hit most major sections. A few pivotal stocks resisted the trend to post good gains.

Once again, brokers said the decline was mainly technical, based on profit taking with prices near historic highs. Much of the selling was attributed to traders and the public rather than to large institutions.

Based on the fall in the AP average, the quoted value of stocks listed on the New York Stock Exchange fell an estimated $2,400,000,000. The decline was worse than Tuesday's estimated two-billion-dollar loss.

After the close, the Federal Reserve Board raised margins for stock purchases to 90 per cent from 70 per cent effective Thursday. Wall Street has had occasional jitters in fear over such action in the past but in Wednesday's hurly-burly there was apparently no anticipation of this news.

Generally, the business and economic background was good.

The AP 60-stock average fell $1.90 to $195.60, the sharpest drop since a $2.10 loss on Aug. 15. The industrials fell $3.40, the rails $1.60 and the utilities 20 cents.

A bread market of 1,236 issues traded, the same as Tuesday, saw 803 declines to 242 advances. There were 42 new highs for the year and 5 new lows.

Eight of the 15 most active stocks declined and seven rose.

### CHICAGO

Prices for hogs, cattle and sheep ranged from steady to strong on the livestock market Wednesday.

Butcher hogs were up 15 to 35 cents a hundredweight at the close and sows were fully steady to 25 cents higher.

Butchers grading No. 1 to 3 and scaling 195 to 280 pounds brought $19 to $19.35. Several hundred mixed 1 and 2s from 195 to 220 pounds sold from $19.35 to $19.50, the top. Most No. 2 and 3 grades from 240 to 270 pounds brought $19.10 to $19.15. Mixed grade sows brought $17.50 to $18.50 for 300 to 425 pound weights and $16.50 to $17.50 for 424 to 550 pound weights.

Slaughter steers were up mostly 25 cents, with instances of 50 cents higher. Heifers and cows were steady to 25 cents higher and bulls were strong. Vealers held steady.

Prime steers ranged from $28.50 to $29, the day's top. Choice and prime steers brought $26.25 to $28.25 and good to low choice kinds from $24.50 to $26. High choice and prime heifers sold from $26.75 to $27.50 and good to high choice from $24.75 to $26.50. Utility and commercial bulls sold from $22 to $24.25.

Fully steady prices prevailed for sheep. Wooled lambs grading choice and prime brought $24.50 to $25 and good and choice types sold from $21.50 to $23.50. Slaughter ewes brought $5 to $8.

**Hogs:** 8,000; 15-35 higher; under 200 most No. 2-3, 240-270 lbs 19.10-19.15; lbs scarce; No. 1-3, 196-280 lb 19.00-19.35; several hundred No. 1-2 mixed grades 195-200 lbs 19.35-19.50.

**Cattle:** 15,000 calves 100; slaughter steers steady to 25 higher; heifers steady to 25 higher; vealers fully steady; stockers and feeders steady to weak; several loads 1150-1350-lb prime steers 28.50-29.00; bulk choice and prime 26.25-28.25; good to low choice 24.50-26.00; high choice and prime heifers 26.75-27.50; good to high choice 24.75-26.50; low choice 454-lb stock steer calves good vealers 29.00-32.00, load good and 32.25; load good and low choice 725-lb, stock steers 28.25; good 875-950 lb feeder steers 25.00-25.50.

**Sheep:** 1,000; fully steady; several lots choice and prime wooled slaughter lambs 24.00-25.00; most good and choice 21.50-23.50; part deck mixed good and shorn lambs mixed 23.50.

| Toms | 21-21½c |
| Hens | 25 c |

# DEMAND LACK DROPS GRAINS

Chicago (AP) — Favorable growing weather, lack of commercial demand and increased offerings of wheat in the Southwest resulted in lower prices for all grain futures on the board of trade Wednesday.

Reports that farmers and elevators in the winter wheat belt were expanding sales of bread grain caused increased selling of wheat futures.

Declines in wheat were offset somewhat by exporter buying against sales of 5,600,000 bushels of U.S. hard wheat by Brazil for December shipment. Japan purchased around 1¼ million bushels of white and hard wheat on the West Coast and India took 700,000 bushels of West Coast white wheat.

The downturn pushed all corn contracts, all soybeans except November, all oats deliveries except December, and July rye to new lows for the season.

## LINCOLN GRAIN

Wednesday, Oct. 15

**Wheat:** No. 1, $1.72.

**Corn:** No. 2 yellow, 89c; No. 2 white $1.20.

**Oats:** No. 2, 30 lbs., 52c.

**Barley:** No. 2, 72c.

**Milo:** No. 2, cwt., $1.33.

**Soybeans:** No. 2, $1.78.

# Tunisia Breaks Diplomatic Ties With UAR

Tunis (AP) — Tunisia broke diplomatic relations with the United Arab Republic in a bitter feud that is expected to have repercussions throughout the Arab world.

It was a clear test of strength between pro-western President Habib Bourguiba and President Nasser of the U.A.R.

Tunisia has accused Nasser of meddling in its internal affairs and harboring mortal enemies of Bourguiba. But no note on the diplomatic break was made public and no reason was given immediately.

The dispute, however, is expected to get a public airing when Bourguiba addresses the National Assembly in what has been described as a major speech.

**Angry Exchange**

The little north African country, which won its independence from France only 2½ years ago, took its defiant action against the bigger, more powerful U.A.R. after an angry exchange in Cairo Saturday at a meeting of the Arab League.

The Tunisian delegate, Habib El-Chatty, had accused the U.A.R. of trying to dominate the smaller nations and particularly, of giving shelter to enemies of Bourguiba. The U.A.R. delegation walked out of the meeting. So did the Tunisians.

The U.A.R. returned to the league sessions. An invitation to Tunisia to come back was issued, but this was probably before the diplomatic break was made known there.

**Influence**

Besides striking a sharp blow at Arab political unity, the Tunisian move may have a preponderant influence on the course of the 4-year-old rebellion in Algeria, next door to Tunisia.

The Algerian government-in-exile has been shifting between Cairo and Tunis. The break in relations may now force Algerian rebel Premier Ferhat Abbas to choose between the two capitals.

If he should install himself in Tunis he would come under the more moderate influence of Bourguiba and escape from the anti-western extremism of Nasser. He may choose Tunis, because Tunisia is a vital supply base for Algerian rebels fighting the French.

Bourguiba is actively seeking to line up the support of Morocco's King Mohammed V in the Arab power struggle.

## Hottest Day

Los Angeles (AP)—Los Angeles had its hottest Oct. 15 in history. It was smoggy, too.

The mercury hit 93 at 9:40 a.m., passing the old mark of 92 set in 1912 and equaled in 1939 and 1941. It was 101 at noon.

## Construction Pickets Again Stationed At Statehouse

Pickets paraded around the State Capitol again Wednesday morning, the second time this week, in protest against wages being paid on a bridge construction project near La-Platte, Neb.

Chief target of the protests was again State Engineer L. N. Ress and the Jensen Construction Co. of Des Moines, Ia., which has the contract for the U. S. 73-75 highway bridge across the Platte River.

The schedule of the 10 pickets Wednesday followed the same pattern established Monday when representatives of the International Union of Operating Engineers, Local 571, Omaha, and the Laborers Union, Local 1140, Omaha, appeared at the Capitol about 8 a.m. and then left at mid-morning.

**Claim Underpaid**

The unions contend that workers on the $600,000 project are underpaid, and that because of this, the State Highway Department and the contractors are violating the Nebraska Fair Labor Standards Act.

Ress has denied that either the Department or the contractor has violated any state or federal laws and that the wages paid on the project are in line with those paid by other contractors.

The state engineer and his deputy, Henry G. Schlitt, were at Peoria, Ill., Wednesday to inspect an experimental stretch of interstate highway, and were not available for comment on the second march of pickets.

The Omaha unions have requested their attorney, David C. Weinberg of Omaha, to take the alleged violation of the Fair Labor Standards Act to court against Gov. Victor Anderson and Ress.

Weinberg said Wednesday h was "still collecting evidence" on the proposed suit, and had not yet determined whether any action would be filed.

## Mrs. Elsie Sloan Left 10 Groups $1,000 Or More

Mrs. Elsie M. Sloan of 3330 J, who died Sept. 27, bequeathed $21,000 to 10 different organizations, according to terms of her will which was filed for probate in Lancaster County Court.

The largest gift, $5,000, was left to Hastings College. The other gifts: Shrine Hospitals for Crippled Children, $3,000; Omaha Masonic Home for Boys, $2,000; Nebraska Home for Children, $2,000; National and Foreign Missions of the Presbyterian Church, $2,000 each; the Plattsmouth OES Masonic Home, $2,000; Lincoln YWCA, $1,000; Lincoln Second Presbyterian Church, $1,000; and the Women's Council of the same Church, $1,000.

Mrs. Sloan, the former Elsie M. Schenck, also left $2,000 each to 4 sisters and 2 brothers who all live in other states.

**NOTICE OF SALE OF OIL AND GAS LEASE**

Notice is hereby given that the Board of Educational Lands and Funds of the State of Nebraska will offer for sale at public auction to be held at the office of said Board in the State Capitol Building on the 31st day of October, 1958, at 10 o'clock A.M., an oil and gas lease covering the following described lands situated in Cheyenne County, Nebraska, towit: SE¼ Section 16, Township 14 North, Range 50 West.

Such lease will be sold in accordance with and subject to the provisions of Secs. 72-901 to 72-912 inclusive, R. R. S. 1943, to the highest bidder, subject to the right of the Board to reject any and all bids.
